

# THOUSANDS HAVE LAIN UNDER WRECKAGE NEARLY THREE DAYS

## SOME BENEATH CRUMBLING BUILDINGS IN QUAKE ZONE STILL ALIVE

Believe Many Caught in Structures Perished from Cold and Hunger or Were Incinerated—Unofficial Estimates of Casualties Still Remain at from 25,000 to 50,000—One Hundred Towns and Villages Are Demolished—Troops Are On Guard to Prevent Looting.

ROME, Jan. 15.—From 25,000 to 50,000 still remains the unofficial estimate of the casualties resulting from the earthquake which rocked southern and central Italy early Wednesday morning.

The amount of damage done cannot yet be determined from the meager descriptions of the catastrophe that have reached Rome over the hampered lines of communication. Such details as have come through leave no doubt however, that nearly one hundred towns and villages have been utterly demolished or partly wrecked and that great loss of life resulted.

Thousands of persons now have lain for nearly three days beneath crumbling buildings throughout the earthquake zone. Some are dead while others are living. Many have been removed from the wreckage and brought to Rome hospitals for treatment or are being cared for in their home towns in temporary structures presided over by physicians and nurses rushed from the capital and other cities in Italy. It is believed many of those caught in the wreckage were not injured but perished from cold and hunger or were incinerated in fires which broke out amid the ruins. The number burned probably was largest at Avezzano and Magliano di Marsi, where fires started and there was no water to quench them.

Avezzano apparently suffered most from the disaster.

Ten thousand persons in that district are said to have perished and the entire town has been leveled. Sora and Pescina each has 4,000 dead, while the fatalities at Gosi-marsi reached 3,500 and at San Benedetto 5,000.

Numerous other towns report a death toll running from ten to over two thousand.

In the stricken districts the people are camping in the open. Troops are guarding the demolished or partly demolished towns to prevent looting.

Caste distinctions everywhere have been laid aside and senators, deputies and high officials are working shoulder to shoulder with private soldiers and laborers in their efforts to rescue the living or remove the bodies of the dead.

A phase of the political situation in the kingdom resulting from the earthquake is that the call for conscripts in the damaged zone has been rescinded by the military authorities.

Automobiles containing members of the Roman aristocracy left Rome at intervals throughout the day, carrying relief stores to the earthquake victims. The family of the Duke of Torlonia has gone to Avezzano, the district which is closely connected with the traditions of the Ducal House. Prince and Princess Teano, the Duke of Gela and Gaeta, who lately has collected large sums of money for Belgian relief, and the Countess of Spalletti, president of the women's movement in Italy, were among those who went to stricken districts. Prince Colonia, mayor of Rome, has arranged to supply all the stricken villages with oil for illuminating purposes at the expense of the city of Rome. This will enable the rescuers to work throughout the night.

A refugee arriving here from Magliano di Marsi says 1,500 persons are dead in that locality and that barely 600 persons survived the disaster. After the earthquake, he says, fire completed the work of destruction.

Tells of Horrors at Avezzano. Rome, Jan. 15.—William Marconi, who returned here today from Avezzano on board the train with King Victor Emmanuel, declared words were insufficient to describe the horrors he had witnessed. The town had been absolutely leveled, he said, and those of its residents who had escaped death in the disaster now were destitute.

"King Victor Emmanuel told me," said Marconi, "that he had visited the scenes of all the earthquake disasters in Italy since he was a child but that this one surpassed all others, even including Messina. The king said the survivors of Avezzano were only between two and three per cent of its population, while in Messina one third of the people escaped."

Describing the damage done in Avezzano Mr. Marconi said:

"Avezzano has absolutely ceased to exist. In Messina some buildings especially the palaces along the sea front, give one the impression that they are still intact, their facades having survived the shock while only their interiors fell in. Not so with Avezzano. No wall there remains erect. It seemed as though the ground had been ground to powder by some gigantic machine."

The people of Avezzano according to Mr. Marconi have abandoned their efforts to take the bodies of the dead from the wreckage and are giving their entire attention to trying to rescue the living who are prisoners in the debris. The catastrophe was of such vast proportions, Mr. Marconi added, that no organization of men could possibly have done anything to give immediate relief. The people were in despair at their powerlessness to render aid to those who call for aid from their places of entombment.

"During the first day of the disaster," Mr. Marconi continued, "the rescuers were so few they could not even attempt to excavate at places where cries of distress came and planted poles here and there at such places hoping to return later with adequate forces of men to release the imprisoned persons. When would-be rescuers did arrive, however, most of the voices were stilled and the poles were merely markers of spots under which lay the dead."

Mr. Marconi personally heard coming from under the ruins of the girls' school in Avezzano the voices of two of the pupils imploring aid. The girls said they were uninjured. They were protected from injury by a piano under which they had fallen and which became wedged in the wreckage and acted as a screen from the tumbling walls of the school house. At first choked by dust and later numbed by cold they had remained for two days without nourishment and in spite of the strenuous efforts made to release them the girls were still prisoners when Mr. Marconi left Avezzano for Rome.

Prior to his departure Mr. Marconi said he endeavored to organize small parties of men to attempt to extinguish fires which had broken out at several points among the debris and which, he declared undoubtedly had burned to death some of the pinned victims.

The difficulty of fighting the flames was almost insurmountable because water was almost entirely lacking in the town.

Mr. Marconi left Rome tonight for London.

Seek Relatives in Avezzano.

Avezzano, via Rome, Jan. 15.—(9:20 p. m.)—From all parts of Italy there came to Avezzano today anxious relatives of persons who were living here when the city was razed by the earthquake Wednesday morning. They had believed that the descriptions of the destruction wrought were exaggerated and were stunned when confronted with the mounds of masonry which represented all that is left of the town.

Many of the visitors realized at once the utter uselessness in searching for friends and relatives. But others, more hopeful, climbed aimlessly over the debris for hours, trusting to find some land mark which would aid them in tracing loved ones. Among these searchers many were successful in locating the wrecked homes of relatives or friends. Frantic many of the searchers threw themselves upon the ruins and called upon their loved ones to answer them but in vain. They appealed for help in attempting to remove the stones, unmindful of their lacerated hands, cut by the jagged stones and broken glass. Frequently searchers collapsed and it was necessary to remove them to improvised hospitals for treatment.

Seldom did a visitor to the city find a relative or friend alive. These rare re-unions were marked by demonstrations of joy. Women and men threw themselves into each others' arms, laughing hysterically or weeping silently. These exhibitions of delight made all the deeper the grief of those who searched without success.

Take Out Numerous Victims.

Naples, Jan. 15.—Rescuing gangs

## RUSS CAVALRY BEGINS FORWARD MOVEMENT

REACH SKRWA RIVER, FORTY MILES  
FROM GERMAN FORTRESS

British Report Capture of Some German Trenches Near Arras—Russians Continue to Harry the Turks and Make New Dispositions in Persian Province.

BULLETIN.  
London, Jan. 15.—(2:59 a. m.)—The forces of the union of South Africa have occupied Swakopmund, German Southwest Africa, according to the Pretoria correspondent of Reuters' Telegram company.

Swakopmund is a port of call at the mouth of the Swakop river. It is a trading and mission station and is connected by rail with Windhoek.

London, Jan. 15.—(9:45 p. m.)—The latest official reports from the Russian general staff disclose a new operation on the part of the Russian army which may have far reaching results.

Starting on their New Year the Russian cavalry commenced forward movement in northern Poland on the right bank of the lower Vistula river and have reached the Skrwia river, some forty miles east of the German fortress of Thorn, west Prussia, driving a small force of German cavalry and infantry before them.

It is believed that Grand Duke Nicholas, commander-in-chief of the Russian forces, intends to use in this region an entirely new army, consisting, according to Petrograd dispatches, of from 800,000 to 1,000,000 men operating in conjunction with an army which is advancing in East Prussia. This army would place the German troops at Mlawia in danger and at the same time threaten the rear of the Germans in front of Warsaw. The latter still are making occasional attacks on the Russian line and according to Berlin report have taken a Russian vantage point northeast of the Rawka river. Along the rest of the eastern front nothing of importance has happened.

In the west the German success in regaining in a few days from the French the ground near Soissons which it took the soldiers of General Joffre, commander-in-chief of the French forces, a fortnight to capture, remains the outstanding feature, although it has been somewhat offset by the reported British success near LaBasse and the capture by Zouaves of some German trenches in the region of Arras. There have been attacks and counter attacks at other points but generally it has been the artillery which has been kept busy. The Russians continue to harry the Turks who made a stand on the borders of Transcaucasia after their recent defeat and claim to be capturing many more prisoners. The Russians are also making new dispositions in the province of Azerbaijan, Persia which the Turks have promised to evacuate as soon as the Russians leave the province and the Persian their presumptive reaches Tabriz. The governorship of the province of Azerbaijan is an appanage of the heir presumptive.

## War News Summarized

The battle field to the northeast of Soissons, where a fierce engagement had been in progress for several days, remains the center of interest in the western theatre of war. Here the Germans appear to have gained important successes, re-taking ground from the French by furious assaults.

Some idea of the nature of this contest may be gained from the latest German official statement which says that as a result of three days' fighting the French have suffered heavy losses, between 4,000 and 5,000 dead French soldiers being found on the battlefield and about 5,200 having been taken prisoners. The Germans also claim to have captured fourteen cannon and six machine guns.

Important British gains are reported near LaBasse and the Germans have lost some trenches to Zouaves in the region of Arras, according to a French official report. Along the rest of the front, while attacks have been made by both sides, there appear to have been no decisive engagements.

In the east the Russians are actively pushing their campaign in east Prussia and in northern Russian Poland, although no decisive conflicts are reported from those districts. Petrograd reports that the Germans failed in some unimportant attacks on the Russian advanced columns in the region of Loetzen, east Prussia and retreated after having suffered heavy losses.

The Russians claim that on Thursday they continued to advance in the region of the Skwira river, northern Poland, driving before them a force of German cavalry which was supported by small bodies of infantry. The Germans fell back under the Russian pressure.

In southern Russian Poland there has been a lull in the fighting, according to an Austrian official report, but a heavy artillery battle has been waged along the Danube river in Galicia. The outcome of the battle, if it has been completed, has not been announced, but the Austrians claim to have silenced several of the Russian's heavy batteries.

In the Carpathians the increasing frost is adding to the difficulties of operations and comparative calm prevails there.

A report from the general staff of the Russian army in the Caucasus dated Wednesday says that on that date the fighting in the vicinity of Kara-Urgan, Turkish Armenia, was still proceeding and that the Russians had captured many more officers and soldiers. The pursuit of the Turkish troops who were defeated recently at Olti, 55 miles west of Iers, was being continued. The Russians were continuing successfully to force the Turks out of the Trans-Tehoruk region.

## TO ASK HALF MILLION FOR STATE BUILDING

WILL BE USED TO BUY GROUND NEAR  
CAPITOL AND TO BEGIN WORK

Action is Decided Upon at Meeting of Joint Commission—Want State Building in Chicago—School Districts to Appeal to Law Makers.

Springfield, Ill., Jan. 15.—The forty-ninth general assembly will be asked to appropriate approximately a half million dollars to acquire a tract of land adjoining the capitol grounds in this city and to begin the construction of a new state building upon the grounds. This was decided upon today at a meeting of a joint committee from the state education building commission, the Illinois Centennial commission and the state art commission.

Another meeting of the joint commission will be held Feb. 13th, at which time one sub-committee selected today will report an estimate of the probable cost of the tract of ground chosen and also will report just how much of a contribution toward meeting the cost of purchase will be made by the residents of Springfield. A second sub-committee appointed today will present sketches of the proposed arrangement of the enlarged capitol grounds and the proposed centennial memorial building which it is proposed to erect immediately upon the new grounds.

The committee approved the recommendations made to Governor Dunne several months ago by the state art commission for the acquiring of the tract of three square blocks lying directly south of the state house grounds.

The need of a state building in Chicago was brought to the attention of the joint committee but in view of the fact that the education commission is limited in its authority, no action was taken.

It is understood a bill will be introduced at this session providing for the ultimate erection of a state building at Chicago and making a limited appropriation for investigating and reporting on the desirability of such a plan. The state efficiency and economy commission will report to the general assembly that the state is paying \$72,000 a year rentals for state departments quartered in that city and that this figure is steadily increasing.

Members of the joint commission estimated today that by increasing the state tax rate just one cent on the one hundred dollars of equalized assessed valuation of property, the cost of a new million dollar state building here could be met without any appreciable burden upon the tax payers.

The school districts of eight Illinois cities will join in an appeal to the lawmakers to untie their hands so that the public schools in these eight cities may be maintained and operated on a basis impossible under existing conditions. The school districts affected are those in the municipalities of Alton, Litchfield, Carlinville, Galena, LaHarpe, Lake Forest, Waukegan and Rockford.

Schools in these particular cities are operating under the act of 1878, providing for the appointment of school directors and members of boards of education in certain cases.

Two years ago the municipal warrant act was amended so as to permit cities, villages, etc., to issue warrants in anticipation of taxes but school districts were particularly exempted from this privilege. After the act became a statute it was found that it effectively tied the hands of the school boards in the cities operating under the act of 1878.

ASKS EASTERN VETERINARIANS  
TO GIVE VIEWS ON CATTLE MALADY

Dunne Asks Men to Come to Illinois Next Tuesday to Tell Committee Best Methods of Stamping Out Disease.

Springfield, Ill., Jan. 15.—Governor Dunne today sent invitations to eastern veterinarians who have made a special study of the foot and mouth disease among cattle asking them to come to Illinois next Tuesday to give their views as to the best method of stopping the disease before a legislative committee, the members of which are from plague infected districts.

Those invited are A. B. Moore, dean of the veterinary college at Cornell university; F. J. Marshall of Philadelphia, state veterinarian of Pennsylvania, and W. R. Goodman, editor of a Chicago trade paper. The committee before which they will speak is the one formed last week by Homer J. Tice of Greenville.

STATES COLLEGE STUDENTS ARE, AS A RULE, NARROW MINDED

MANHATTAN, Kans., Jan. 15.—College students, as a rule, are narrow minded, according to David F. Houston, secretary of agriculture, who spoke before the students of the Kansas state Agricultural College here today. He urged them to broaden their outlook on life.

"I lay a broad foundation in your work," he said. "Do not be subjects of your chosen line; foundation on which you can firmly and which will allow any latitude." Mr. Houston asserted that he could get the full worth of college course by studying eight hours a day.

## RAILROAD LINE IS CUT BY A HUGE AVALANCHE OF SNOW

Alpine Village is Buried, But Inhabitants Are Believed to Have Escaped as They Had Been Warned of Danger.

Geneva, via Paris, Jan. 15.—(11:30 p. m.)—The International St. Gothard railroad line has been cut by a huge avalanche and traffic between Germany and Italy through Switzerland is interrupted. The line is covered with packed snow twenty-four feet deep, for a distance of 270 feet.

An avalanche has buried the Alpine village of Obergestelen, at an altitude of 4,450 feet, in the Canton of Valais.

The inhabitants had been warned of their danger and are believed to have escaped. No word has been received from that district, however, as the wires are down.

The unparalleled number of avalanches in the Alps is generally attributed to the earthquake in Italy. No official statement has been issued as to whether earthquake shocks occurred in the Swiss mountains.

## FEDERAL OFFICIALS CLOSELY FOLLOW WHEAT AND FLOUR PRICE

Attorney General States Prompt Prosecution Will Follow Discovery of Any Evidence of Illegal Combinations Back of Advance.

Washington, Jan. 15.—Prompt prosecutions will follow the discovery of any evidences of illegal combinations back of the recent marked increases in the cost of wheat and flour, Attorney General Gregory said today. He added that the instructions sent to all United States district attorneys at the direction of President Wilson following the increase in food prices after the outbreak of the European war still stood and that the latest developments in the situation would be closely followed.

Mr. Gregory said that the federal investigation into the flour and wheat situation being carried on in Chicago was in accordance with the general instructions from the department of justice. Up to the present, he however, had received no information that illegal practices had been resorted to. The suggestions of Mrs. Julian Heath, president of the National Housewives' League, to President Wilson that an embargo on the exportation of wheat from the United States be imposed if the prices continued to go up, was before the president tonight but no action was taken.

At the request of Chairman Lever, of the house agricultural committee, Secretary Houston today promised to furnish as soon as possible the information as to the production, consumption and exportation of food products called for in the pending resolution introduced by Representative Farr of Pennsylvania. It was understood tonight that there is no present intention of taking up in the house committees any of the various resolutions and bills relating to the food situation, the chairman of the committees taking the position that action on them would accomplish no good end.

## BREAKS ALL AMERICAN ENDURANCE RECORDS FOR CONTINUOUS FLIGHT

SAN DIEGO, Cal., Jan. 15.—Lieut. Byron G. Jones, said to be the youngest aviator in the United States army, broke all American endurance records for continuous flight today, remaining in the air eight hours and fifty-three minutes, according to the aviation field only when darkness set in.

The best previous endurance flight was made at Annapolis in 1912 by Lieut. John Powers of the United States navy, who kept a hydro-aeroplane aloft for six hours and ten minutes.

Army aviators said Lieut. Jones' flight was remarkable in that he used less than thirty gallons of gasoline. He is 26 years old.

PRACTICALLY ABANDON HOPE.

Washington, Jan. 15.—Democratic leaders in the senate, beset by every parliamentary obstacle that minority senators can resort to, have practically abandoned hope of accomplishing any general legislation in the few remaining weeks of the sixty-third congress, except appropriation bills and the government ship purchase bill.

Even the ship purchase bill is in danger of failure in the opinion of some of the senators.

## FEAR SAFETY; FLEE FROM MEXICO CITY

Ten Members of Legislative Committee Arrive in El Paso, Texas

## CHARGE ASSASSINATION

Head of Body States Several Prominent Members of Aguas Calientes Convention Killed

HAVE NOT BEEN INVESTIGATED

EL PASO, Tex., Jan. 15.—Fear for their personal safety caused ten members of the permanent legislative committee of the national convention at Mexico City to flee to the border, according to Martin Espinoza, president of the committee who arrived here today. Espinoza gave out a statement charging the Mexican City faction with the assassination of several prominent convention members whose deaths previously had not been reported.

He said: "The permanent committee of which I was president, the secretary and others of the members withdrew from the capital in order not to authorize by our presence the crimes that were being committed. Among these were the assassinations of the vice-president of the committee Guillermo Garcia Aragon and of the first Secretary, David G. B. B. B."

"Up to the present date there has been no investigation made of these assassinations. In view of this we saw that none of the permanent committee had any guarantees for our protection. For this reason we withdrew to the United States. Paulino Martinez who belonged to the convention, also was assassinated."

Esposito said that the Mexican flag, which has been signed and kissed by members of the original Aguas Calientes convention, had arrived at Laredo, Texas, in the custody of M. Peralta, the secretary of the committee. The banner disappeared from Mexico City together with the ten committeemen. Esposito said he was on his way to San Francisco. He expressed satisfaction of the re-appointment of Gutierrez as provisional president. The Aguas Calientes convention appointed to the committee of twenty-one as custodians of the flag and this is the reason they brought it from Mexico City, he concluded.

## FRENCH CORPORATION SUES TO GET POSSESSION OF RADIO STATION

TRENTON, N. J., Jan. 15.—Sue to gain possession, control and ownership of the trans-Atlantic wireless telegraph station at Tuckerton, N. J., was instituted in the New Jersey court of chancery today by the Compagnie Universelle Telegraphie Telephone Sans Fil, a French corporation, against the Hoch Frequenz Maschinen Aktiengesellschaft Fur Drahtlose Telegraphie, a Prussian corporation, and Rudolph Goldschmidt, a resident of Prussia. Emil E. Mayer, a resident of Tuckerton, and the United States service corporation, a New Jersey company. The bill filed in the suit on behalf of the French corporation claims that an agreement had been entered into between the two corporations whereby the property and patents of the defendants, including the station at Tuckerton were to have been turned over to the French corporation for a consideration of two and one half million francs and that these patent rights should be enjoyable in all countries other than Germany.

## TAFT DISCUSSES ECONOMY AND EFFICIENCY IN GOVERNMENT

NEW YORK, Jan. 15.—William Howard Taft addressed the national institute of social sciences at the opening session today of its second annual meeting. The former president discussed economy and efficiency in the federal government. He attacked methods by which he said representatives in Congress obtain political "plums" and said it ought to be within the president's power to select or reject men for heads of bureaus so "that he can have a grip on the government."

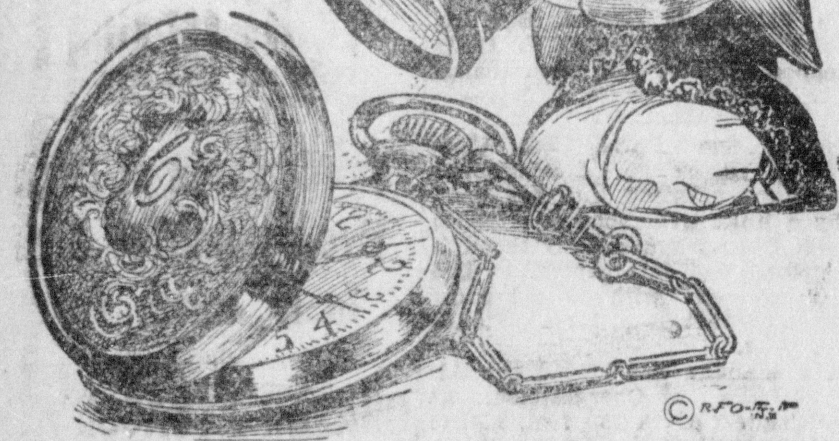

Institute medals were awarded to Andrew Carnegie, Luther Burbank, Miss Anne Morgan and Eugene Brieux, the French playwright.

KILLS TWO; GIVES SELF UP.

Galesburg, Ill., Jan. 15.—William A. Bates, shot and killed seven months old Millard Warfield and Mrs. E. F. Davis tonight at the Warfield residence. Robert Warfield, eight years old was wounded seriously. Before the police summoned by neighbors, arrived, Bates walked to the city jail and surrendered. "I will take my medicine," he said. Bates refused to give a reason for his act.

7TH AND 8TH GRADES PLAN  
LITERARY ORGANIZATIONS

Counterparts of H. S. Forum and Adelpian Will be Soon Under Way.

The grammar school will soon have in operation two societies on the order of the Forum and Adelpian societies of the Jacksonville high school and the pupils of the seventh and eighth grades will soon be giving programs second to none in musical and literary excellence. The pupils have already been divided and all that remains is the election of officers and the selection of names for the organization.

This matter of society organization was considered Friday forenoon at a called meeting of the Grammar School Literary and Athletic association. At this time also the resignation of Miss Laura Hammond was presented as one of the literary managers. The resignation was accepted and Miss Eva Hammond elected instead. Harold Bartlett is president of the association and Elizabeth Cogswell is secretary. This was the first gathering of the association since its organization and the meeting was carried out in a manner thoroughly business-like and to the point.

Candidates Must be Careful.

There have been few recent announcements of candidates for mayor and commissioners in the coming primary election, but that fact has not served to stop political gossip and there are many reasons to believe that the crop of candidates will be quite large before the final day for filing petitions has passed.

The commission form of government yet provides that any person who wishes to be a candidate for mayor or commissioner must file his petition not more than thirty days and not less than fifteen days before the election, and that such petition must be signed by at least twenty-five qualified voters. The petitions must be in the form which is prescribed by the law.

There is another provision in the law which is very apt to be overlooked, and in fact it is not common knowledge that one section absolutely prohibits any candidate from having paid workers in his service. If this and some other provisions in the law are strictly adhered to the candidates will all keep very "mum" as to their intentions if they should be elected, and their supporters must all work with a great degree of quietude.

The section referred to is No. 20, and appears in the law under the head, "Penalties for Election Frauds."

"Any person who shall agree to perform any service in the interest of any candidate for any nomination or election for any office provided in this Act, in consideration of any money or other valuable thing, or for the 'treats' or for any appointment to any office or employment under such city or village, for such service performed in the interest of any such candidate, or any candidate who shall make a promise of money or other valuable thing, or to appoint any person to an office in the event of the nomination or election of such candidate, in consideration of such person performing any service in the interest of said candidate, upon conviction thereof, shall be punished by a fine not exceeding three hundred dollars (\$300) or to be imprisoned in the county jail not exceeding thirty (30) days, or both, in the discretion of the court."

Section No. 21 appears under the same general heading and relates to bribery. This section reads as follows:

"Any person offering to give a bribe, either in money or other consideration, or in the form of treating, or by agreement to appoint to any office or employment under such city or village to any elector for the purpose of influencing his vote at any election provided for in this Act, or any elector entitled to vote at any such election requesting, receiving or accepting such bribe, money, other consideration or treats or agreeing to vote or support any candidate in consideration that he be appointed to an office or employment under such city, shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined not less than five hundred dollars (\$500) or to be imprisoned in the county jail not less than ten nor more than ninety days, or both, in the discretion of the court."

It's Time to Buy Land.

While farmers are in many cases somewhat disheartened because of the prevalence of hog cholera and the corn stalk disease and the menace which confronts them from the foot and mouth disease, there is nevertheless a general feeling that 1915 will be one of marked prosperity. The record price for wheat for May delivery, and the belief that the demand abroad is certain to continue for at least another year on account of the war, makes it almost certain that this grain, along with others, will command a very high price all through the year.

If this proves true as soon as present disease troubles have been ironed out, it also seems nearly a certainty that the price of live stock will speedily reach higher levels. With such prospect in sight, Morgan county lands should more than recover from the price depreciation which it is commonly believed has taken place in the last year or two. As a matter of fact, while this price lowering has been talked about, there have been only a few sales, which have justified the statement that the depreciation has actually taken place. The prospects for the year, therefore, should bring the price up to or beyond the old high mark, and the man who advises people to buy Morgan county land now is offering a bit of advice which cannot be re-acted.

There are a considerable number of people who have been for a year past hoarding away their money either in banks or some place, which have been only a few sales, as to exactly what is safe in investment. Any such investors should study the present and future prospects with reference to Morgan county.

and such consideration will inspire them with confidence that a land investment here at home will not only be absolutely safe but will offer a certain return and an excellent prospect for an increase in values.

FIRE CHIEF WOOD RETURNS FROM MATTOON CONVENTION

Illinois State Firemen's Association Discuss Important Features of Loss Prevention—Mr. Wood Visits Odd Fellow's Home.

Fire Chief James Wood returned Friday forenoon from Mattoon where he attended the annual convention of the Illinois State Firemen's association, held Tuesday, Wednesday and Friday of this week and attended by hundreds of firemen from all parts of the state. Mr. Wood made a strong effort to have the convention come next year to Jacksonville but some clever speech-making on the part of the Murphysboro delegation took the gathering to the southern city over the claims of Jacksonville and Springfield. The convention was opened Tuesday morning with an address of welcome by W. R. Johnson, mayor of Mattoon. The big event of the three days was the banquet Wednesday night at which there were present more than four hundred men. From first to last the sessions were highly profitable and many suggestions of aid to the fireman's work were advanced by practical firemen.

A pleasing feature of Mr. Wood's stay in the convention city was the visit to the state Odd Fellow's home at which time he met and conversed with John Magill of this city, a resident of the home whose many friends in Jacksonville will be glad to know that he is satisfied with the institution in every way and is enjoying excellent health. Mr. Wood was over all parts of the grounds, observing in every detail the care with which aged members of the order are received. A new hospital is just being completed at the home, the grounds, herds, gardens, etc., are well kept up and nothing is left undone for the comfort of the Odd Fellows there.

Some interesting fire figures were given by Lurton H. Stubbs of Chicago who spoke to the convention Wednesday. Mr. Stubbs said that the expense per capita of fires in Illinois is \$8 a year. In other words the average cost to every man, woman and child in fires is \$8 a year. \$1,500 a year is consumer every minute by fire in the United States and fifteen persons die every day as a result of conflagration. Twelve school houses burn every week and 1,500 homes are consumed in the same period.

"There is not a fire department in the state of Illinois, but what is undermanned," said Mr. Stubbs.

"If the mothers knew the conditions in many of the school buildings, dangerous furnaces, basements filled with rubbish, and other fire hazards, they would never allow their children to attend school."

WITH THE SICK.

B. W. Smith was kept home yesterday by illness.

Miss Mabel Kendrick underwent an operation for appendicitis Friday morning at Passavant hospital. She is getting along nicely according to reports late last night.

Charles Fisher of Barry was in the city yesterday on business. He spent some time visiting his mother, Mrs. R. E. Fisher, and his son, Master Lloyd, of 733 Bedford street.

J. P. Adams is now able to be on the streets and can walk with the aid of a crutch. Mr. Adams has been an invalid for eleven weeks as the result of a case of blood poisoning which came from an infection caused by a burn. It will be some time before he gains his normal strength but he is naturally very glad to be out of the house again.

E. O. Mayer, foreman of the Journal composing room, is recovering from an illness of a month's duration. He is gaining strength slowly and hopes to be back at work within two weeks.

G. A. Blessman of Bath was in the city Friday and accompanied his wife home, who has been a patient at Passavant hospital.

J. T. Green of Roodhouse is a patient at Passavant hospital.

Mrs. A. H. Fox, who has been a patient at Passavant hospital was able to return to her home in Roodhouse Friday.

PHI ALPHA TO BUY VIOLOLA.

Illinois College Society at Meeting Friday Plans For Music.

A Violola will be the latest addition to Phi Alpha hall and with the purchase of this instrument and the new piano for which arrangements have also been made, the musical resources of the hall will be of the best. The movement to purchase the Violola was initiated by Lucius S. Smith, '18, and the money for the instrument was raised in a short time. The program carried out Friday evening follows: Essayists—Homer Bale, "Methods of Warfare"; Ralph Newell, "Mexico"; Declaimers—Russell Dean, "Pitt's Reply to Napoleon's Floyd Davis, 'His and Major Andre'." Reader—Dale Giberson, "Pickwick in the Wrong Bedroom." Extensor—Lucius S. Smith. Question for debate—"Resolved, that labor unions should be exempt from the operations of the Sherman Anti-trust Law." Ray Berry and Robert Butcher debated the affirmative; how the negative. The

Big Carnival, J. H. S., at the January 16, 7:30. Athletic bet.

ILLINOIS RETAIL DEALERS ASSOCIATION HOLDS MEETING

Organization Number One Holds Profitable Meeting at Pacific Hotel, Friday.

The Illinois Retail Dealers' association No. 1, comprising the counties of Morgan, Scott, Cass and Green, held a meeting Friday at the Pacific hotel. Routine business included an election of officers. The association went on record as endorsing the bill which will be introduced in the state legislature regarding illegal advertising. The members gathered at the hotel shortly before noon and after dining together held their session in the afternoon. The election follows:

The following officers were elected:

President—A. H. Pieper, Winchester.

Vice president—J. Edgar Martin, Jacksonville.

Sec. and Treas.—O. H. Coultas, Chapin.

Others present from out of the city included J. C. Votsmeier of Ashland; W. T. Murray, Litchberry; W. E. Gregory, New Berlin; G. A. Flessman, Bath, also Charles J. Mackness, W. B. Hall and M. H. Raze of this city.

Fresh Roasted Jumbo Peanuts. Claus Tea Co.

HELD PUBLIC SALE.

Ernest Henry of Nortonville Will Move to California.

Ernest Henry who resides 1-2 miles northeast of Nortonville held a public sale Friday afternoon which was largely attended. Horses brought from \$110 to \$200; cows, from \$66 to \$65; brood sows, \$20 to \$21; hay, \$20 to \$21, per ton; smooth wheat straw, 35c per bale.

H. E. Spencer acted as auctioneer and the ladies of the Nortonville church served a fine lunch. J. W. Woods, John Pate and Robert Clayton were among those who attended the sale from Jacksonville.

INSTITUTES LODGE AMONG BOHEMIANS

Mrs. Myrtle W. Tandy, president of the Rebekah State Assembly, has returned from Chicago, where she instituted a Rebekah lodge at Berwyn, a suburb of Chicago. They had twenty-four charter members and a class of eighty, which starts a lodge with 104 members. The work will be given in the Bohemian language. This is the second Rebekah lodge among that people in Berwyn. Mrs. Tandy was presented a beautiful bunch of roses and they were expressed home to her, being fragrant and well kept on arriving.

## MRS. MINNIE GLASS DIES AT

HOME ON BEDWELL STREET

Death Comes to Young Colored Woman at Early Hour This Morning.

Mrs. Minnie Glass, 734 North Bedwell street, passed away at her home at an early hour this (Saturday) morning. She had been ill for several months, suffering from tuberculosis. Mrs. Glass was only twenty-six years of age and had spent practically her entire life in this community, where she has many friends who will mourn her untimely departure. She was the wife of Thomas Glass, but had not been living with her husband for some months. Besides her husband she is survived by the following: two children, a boy and a girl, her mother, Mrs. Eliza Wagoner; and the following brothers and sisters, Thomas, Fred, Elmer, Walter and Mrs. Mary Halthman of Jacksonville, Lottie of St. Louis and Mrs. Della Love of Chicago.

## MORTUARY

Avey.  
Mrs. Addie Avey, wife of J. W. Avey of 231 North Main street, died Friday afternoon at 3:25 o'clock at 1201 South Main street, at the age of 43 years.  
She was born in Rushville, Ill., and is survived by her parents and one child. The body was taken to the Reynolds undertaking parlors and this morning will be sent to Macomb for burial.

Sargent.  
Mrs. Nancy Seymour Sargent of Franklin died Friday morning at 8:45 o'clock at her home in Franklin at the age of 81 years. She has been a resident of this county for a great many years.

Nancy Seymour Sargent was the daughter of Bird and Sarah Seymour, and was born on a farm near Franklin, Ill., Jan. 6, 1835 and was called from this life Jan. 15, 1915.

She was married to William R. Sargent Jan. 2, 1851, to which union were born thirteen children, seven boys and six girls, of whom nine survive: Fannie, Newton, Jas. and Shelby, all of whom reside in Jacksonville, Mary Loveless of Palmyra, Mrs. W. N. Smith of North Lakota, John R. of Nebraska, Edward and Mildred of Franklin, the husband having preceded her in death twenty years.

"Aunt Nan" as she was familiarly known to all united with the Methodist church when she was but fourteen years of age, to which faith she has consistently clung through life. She leaves two brothers, two sisters, twenty-seven grandchildren and a multitude of friends who mourn her departure.

The funeral services will be held in the Franklin M. E. church in charge of the pastor, Monday afternoon, at one o'clock. Interment will be made in the Franklin cemetery.

\$2 shirts \$1.35 at Wehl's sale.

## WESLEY MATHERS

CONTEST IS TONIGHT

The Wesley Mathers contest of reading original essays by the members of the Sophomore and Junior classes of the Woman's college will be held in Music hall at the college tonight at 8 o'clock. The prizes are \$17.00 and \$8.00. There is no admission charge and the public is cordially invited.

## STEAMERS COLLIDE IN FOG.

Madrid, Paris, Jan. 15.—(11:20 p. m.)—A despatch from Cape Finisterre says the British Steamers Massilia and Fuhoch, collided today in a fog. The Fuhoch sank, but the Massilia rescued all her crew and continued on to Gibraltar.

The Steamer Massilia belongs to the Anchor Line and plies the Mediterranean. Available shipping records do not mention the Fuhoch.

## RIVER SIENE RISING.

Paris, Jan. 15.—(5 p. m.)—The River Siene is rising rapidly. At Troyes it already is out of its banks and passenger service has been temporarily suspended. At various places the tributaries are out of their banks.

Lloyd Selber, has gone to Rockport, Pike county, to engage in construction work on a bridge.

## GASOLINE EXPLOSION DESTROYS

PRIVATE YACHT; FIVE ARE DEAD

BUFFORT, N. C., Jan. 15.—Five persons are dead as the result of the destruction of the private yacht Julia by fire in Pamlico Sound early today. A gasoline explosion started the fire. Only one of six persons aboard escaped. The dead are J. W. Murray, president of the Piedmont Trust company, Burlington, N. C.; Mrs. W. F. Porch, Buffort; a Mrs. Dodson of Norfolk, Va., and the two members of the crew.

Mrs. Murray, who is an excellent swimmer, swam to shore unhurt. She said the cabin filled with gas from a leaking tank, bleazed when one of the party lighted a match.

## SENTENCE TWO

GERMANS TO DEATH

Casablanca, Morocco, via Paris, Jan. 15.—(5:55 p. m.)—Two Germans, Karl Flocke and Herr Grunler have been sentenced to death and a third German, Herr Nepron, to life imprisonment by a court martial sitting here. The men were accused of espionage and were charged with having been instrumental in organizing a revolt among the natives which the French authorities say, hampered the work of the pacification of Morocco.

## NAME BALDWIN

SUPERINTENDENT

Chicago, Jan. 15.—Lewis W. Baldwin, today was appointed general superintendent of the Illinois Central railway lines south of the Ohio river to succeed John P. Porterfield, promoted to general superintendent of transportation, according to an announcement here today.

Lawrence A. Downs was appointed superintendent of the Kentucky division with offices at Louisville. William Arwell was appointed superintendent of the Minnesota division at Dubuque.

## GENERAL RINAKER DIES.

Bloomington, Ill., Jan. 15.—General John I. Rinaker, of Carlinville, died today at Eustis, Fla., of pneumonia.  
He was former member of congress, chairman of the railroad and warehouse commission of Illinois and a prominent lawyer.

## HOLDERS OF MAY BLUE STEM

WHEAT DEMAND \$1.55 a Bushel

PORTLAND, Ore., Jan. 15.—One dollar and fifty cents a bushel was bid here today for May Blue Stem wheat with no takers. Holders of the cereal demanded \$1.55. There was practically no trading, those having wheat to sell withdrawing their stocks in the belief that prices would continue to soar upward. Five thousand bushels of March Red Russian sold at \$1.40, an advance of 1 1-2 cents. Bids for all other cereals were at an advance over yesterday.

## CANADIAN RAILROADS FOLLOW SUIT

Montreal, Jan. 15.—The increase in freight rates in the eastern section of the United States has led to a movement for increase in the Canadian freight rates. There have been many meetings of late between the various railroad officials, and an increase will go into effect soon, it is said.

## MEDALS FOR SOCIAL SCIENCE.

New York, Jan. 15.—Andrew Carnegie, Myron T. Herick, Eugene Brieux, Luther Burband and Miss Anne Morgan are the winners of the medals to be granted tonight by the National Institute of Social Science.

## SPRAGUE LEAVES BULK OF HIS

ESTATE TO WIDOW AND DAUGHTER

CHICAGO, Jan. 15.—The \$3,500,000 estate of the late A. A. Sprague will be divided among his widow, their daughter, Mrs. Frederick S. Coolidge of Pittsfield, Mass., and her son, A. A. Sprague Coolidge, except three bequests, according to the will made public today. These are \$50,000 to the (Presbyterian) hospital here, \$50,000 to the Art Institute and \$5,000 to the Chicago Orphan Asylum.

In case all the descendants of Mr. Sprague die before the final distribution of the estate, the will provides that the estate shall be divided equally between the University of Chicago and Yale University for the erection of a building or an endowment fund.

## PREPARING THE MILITIA

PAY BILL

Washington, Jan. 15.—A conference held here today of the executive committee of the national guard association, in which the views of the war department relative to the militia pay bill were considered. It is believed that the situation will be cleared up when the bill as approved by the militia men and the war department is submitted to President Wilson.

A peculiar situation has developed in regard to the militia pay bill. The association has been working for it for a long time. Last summer an agreement was reached as to its terms, between the executive committee and the war department, but it was never submitted to President Wilson for his approval. The bill was introduced in the Senate and the House of Representatives, and the committee immediately announced that they were not responsible for the introduction of the bill, as they had agreed not to move until the President had been consulted. Today's meeting may focus the attention of the administration on this measure, and it may be approved and backed in its passage through Congress.

The militia pay bill contemplates much greater funds for the organized militia or guardsmen of the various states and an enlistment for a longer period with time for service in the reserve. It would bring the national guard into still closer relation with the regular army and the War Department.

## THOUSANDS HAVE LAIN UNDER WRECKAGE NEARLY THREE DAYS

(Continued from page one)

today brought out numerous victims of the earthquake who had been buried in the church of Santa Restituta, the patron saint of the town of Sora, where hundreds of persons rushed to pray when the first shock occurred. The roof of the edifice fell in with the second shock.

Among those brought out were 20 nuns and the priest who had been celebrating mass. Twenty-seven persons, seriously injured, also were rescued.

Three peasants who were found lying wrecked buildings in Sora were arrested today.

The bishop of Sora today went among the people of his diocese who are camped in the open air encouraging them and ministering to their needs. The bishop celebrated mass at an impromptu church erected under a tree.

**Red Cross Cables Funds.**  
Washington, Jan. 15.—The American Red Cross today decided to cable \$20,000 immediately to the Italian Red Cross and to ask President Wilson, as head of the organization to issue an appeal to the people of the United States for funds to aid the earthquake sufferers.

The money was sent by the Red Cross headquarters here soon after a conference over telegraph and long distance telephone wires participated in by Miss Mabel Boardman at Worcester, Mass., Robert W. DeForest, vice president of the society in New York and Major General George W. Davis in this city.

It was decided to send the direct contribution from the Red Cross treasury at once and to seek aid from the general public through a formal appeal by the president. Similar proclamations or appeals were issued after the Messina and San Francisco earthquakes.

President Wilson tonight telegraphed King Victor Emmanuel of Italy, expressing sympathy for the Italian people and asking if the United States could be of any assistance.

The president will take up tomorrow the suggestion that he issue a proclamation calling upon the people of the United States to lend aid to the sufferers.

### Does not Prevent Private Initiative.

Rome, Jan. 15.—Thomas Nelson Page, American ambassador to Italy today asked Signor Salandra, the Italian premier, and Baron Sonnino, minister of foreign affairs, whether assistance from the United States government, financial or otherwise, in aiding the people stricken by the earthquake would be acceptable.

Twice before a similar offer has been made but, while the Italian government expressed great appreciation they were declined. Ambassador Page was told today that owing to the international situation the Italian government had decided as a question of principle to abstain from accepting officially any foreign aid. As this will not prevent private initiative on the part of Americans or other foreigners living in Italy or their friends at home, Ambassador Page is now approaching the government with a view of ascertaining the best way of directing relief work.

### SOCIAL EVENTS.

The Woman's Home Missionary society of Centenary M. E. church gathered Friday afternoon with Mrs. Charles Glossop on South East street and a profitable discussion of the work with the Red Man was carried on under the direction of Mrs. G. W. Flagg. After Mrs. Flagg's paper an illustrative leaflet was read by Mrs. Weatherford. The enigmas were in charge of Mrs. T. H. Rapp. The refreshments served by the hostesses were enjoyed by all and the occasion as a whole was most pleasant.

The South Side Circle met at the home of Mrs. W. J. Winchester, East College street, yesterday afternoon. Mrs. William Newman, Sr. had charge of the program and had for her subject, "The Motor Age." After the program had been concluded refreshments were served in keeping with the afternoon's subject. The first course was served in a sort of a cup in the shape of an ox-cart while the last course was cookies cut in the shape of automobiles. A social hour was also enjoyed. The next meeting of the circle will be held with Mrs. Felleus on South Main street.

Miss Marceline Armstrong entertained a limited number of friends last evening at her home in the Cherry apartments in honor of her guests, Miss Adella Cherry, Miss Mary Ann Terry and Miss Fern Gibson, all of Girard.

Miss Rosa Walsh and Miss Theresa Luperan entertained the members of the Kewpie Klan club Thursday evening at the home of Miss Walsh on Hardin avenue. Three new members were received, Miss Marie Walsh, Miss Ethel Jones and Miss Irene Smith. The evening was spent in a delightful way socially and the refreshments served were ample and delicious. In the contests the prize was won by Miss Edna Walsh.

### NOTES FROM THE LABOR WORLD.

Two million children under 16 years old are employed in this country.

Illness among workers involves an annual loss of \$750,000,000 in the United States.

The coal operators of West Virginia have formed a new organization to fight the miners' unions.

The unemployment distress is severe in the big cities. Recent reports show only the ablest are getting jobs.

The Bell telephone employees are offered stock on weekly payments, to begin next March. The move is questioned by labor men.

That the present movement for the uplift of the toiling masses originated with Dickens is the belief of a prominent professor.

Porto Rico's legislature has passed a compensation act, a woman's eight hour law and a child labor law.

British unions spend \$19,000,000 a year—one third for strikes—and have \$25,000,000 in accumulated funds.

Workmen's co-operative banks, operated by workmen, for the benefit of workmen only, and to aid honest ventures of workmen, is in prospect.

Nearly every legislature in the United States is facing this week the problem of improving its labor laws. The outlook is hopeful in many states.

Out in Racine, Wisconsin, they recently gave a six weeks college course in janitor work. Twenty-three men responded for tutoring in this fine art.

New Jersey accident board must decide a unique case. A Newark workman killed at Natick, Mass., has children living in Italy. The liability company claims children living abroad are not dependents.

Union Pacific employees must take three baths a week, drink three pints of water a day, are encouraged to fall in love and do other natural things that any well-paid workman knows how to do.

British railways kill each year one passenger in every 72 millions carried; in America one is killed in 4,900,000 transported. These figures are taken from accidents in which the passenger is in no way responsible.

The non-member of a labor organization is an 'individualist'. He does not help to correct wrongs, but endures them, and is beloved by his employer because he lacks the nerve to even complain. He takes no interest in proposed laws for the benefit of labor. He does nothing to check rapacious greed. He accepts whatever is doled out to him, and calls himself a free man.—Railroad Wire and Signal.

### FUNERALS

#### Perry.

The funeral of Mrs. Perry will be held at the residence, 723 Bedwell street, this afternoon at two o'clock with the Rev. Percy Stephens, pastor of the First Baptist church, in charge of the services. Interment will be made in East cemetery.

#### Snow.

The funeral of Mrs. Ada Snow was conducted from the family residence in Franklin at 2 o'clock Friday, in charge of Rev. Mr. Vorbeck of the M. E. church. Music was furnished by Miss Mae Boulware, Mrs. George Wyatt, Miss Gloria Reinbach, Mrs. John Whorton, Mrs. John Whorton, Mrs. Martin Anderson, Mrs. William Brewer.

Burial was made in Franklin cemetery and the bearers were Messrs. Henry Wyatt, Stephen Seymour, Carl Brown, George Woods, William Richardson and Charles Belt.

### ASSISTING IN REVIVAL.

Rev. W. W. Theobald has gone to Murdock, Ill., where he will assist his son, Rev. Walter D. Theobald, in revival. Because of his absence, Rev. Mr. Rule of the Minnesota conference will preach in the morning at Brooklyn church and Rev. F. A. McCarty in the afternoon.

## MONEY

### When You Need It

That's the time you want it. Anybody will give you MONEY when you don't need it. BUT—when you need it, watch those friends fade away. THAT'S NOT OUR STYLE—we take the place of these fickle, would-be friends and LOAN YOU the MONEY at the right time. WHEN YOU NEED IT. You don't have to leave any security with us, either; if you are a householder, that is guarantee enough for us that you will pay.

Come in and tell us how much you want. We LOAN any amount from \$10 up. Most liberal terms of repayment allowed. Let us tell you all about it. Come any time.

Write or phone 449 Illinois or Bell 449, or call and we will explain our long time easy payment plan.

Charles Magill Will Go to Mattoon Tuesday to Attend Gathering of Central Illinois Organization—the Scores at Shoot Friday.

Charles Magill, east of the city, was chosen Friday to represent the Nichols park gun club at the annual meeting of the Central Illinois Trap Shooters' League Tuesday, Jan. 19, at Lincoln. At this meeting, which will be held at the Commercial hotel, officers will be elected and schedules will be arranged for 1915. The delegates will be guests of the Lincoln gun club, which will hold a shoot Monday and Tuesday, Jan. 18 and 19.

The shoot at Nichols park Friday went off in good style, despite the fact that a strong southeast wind succeeded in keeping down the scores, 22 out of 25 being the best score made. From the sixteen yard line A. M. Masters hit 146 out of 200; W. T. Craig, 185 out of 225; Leader, 77 out of 96; Smith, 108 out of 150; Charles Magill, 96 out of 140; Frank P. Vickery, 111 out of 150; Porter Corrington, 51 out of 75 and Charles Gilbert, 70 out of 115. In the match shoot from the twenty-yard line, Masters made a score of 49-75, Craig 51-75 and Magill, 52-75. In the doubles Magill hit ten straights and the number hit out of the 24 birds were 14 by Magill, 10 by Masters, 14 by Craig and 8 by P. Corrington.

### IMPORTANT CROP CONFERENCE IN GEORGIA

Athens, Ga., Jan. 15.—One of the most important meetings of farmers of Georgia began here today, when the agriculturalists came together to discuss the methods of raising and marketing other crops than cotton. The movement to curtail the cotton production has brought to the front many questions pertaining to the crops which are to supplant cotton.

Today's meeting was a market conference. Many speakers on the methods of harvesting and preparing for market hay, oats, corn, etc. The use of modern implements was described, and many suggestions were made to the farmers who will shift their crop the coming spring for the first time.

Tomorrow the annual meeting of the Georgia Breeders' Association will take place. Dr. L. A. Smith of the University of Illinois, will be a speaker. Next Monday the Georgia Dairy and Livestock association will meet. On Tuesday the state horticultural society holds its annual meeting, at which prominent speakers will be heard on truck gardening and fruit culture. The last of the meetings will be that of the newly-formed Georgia Apple Growers' Association.

### HOT TEA BREAKS

**A COLD—TRY THIS.**  
Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee", at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—(adv.)

TWO VERMONTERS WHO CAME  
OUT THE WEST YEARS AGO

W. D. Wood Told Congregational Brotherhood About Stephen A. Douglas and Rev. Truman Post.

There was a good attendance at the meeting of the brotherhood of the Congregational church last evening. Both the president, B. W. Smith, and vice president, S. A. Fairbank, were unavoidably detained at home and Rev. R. O. Post was chosen president pro tem.

The supper served was excellent and was under the management of E. Spink and Arthur Taylor and they were ably assisted in serving by Messrs. Clyde Merrill, Wallace Spink, Allen Joy, Wallace Carter, George Coe and Earl Bowen. Reuben Hyatt, the ever faithful and capable sexton, also rendered valuable assistance. The supper was greatly enjoyed and both caterers and waiters received great praise.

After the reading of the minutes by Secretary F. T. Irving, W. D. Wood read a well prepared paper on "Two Vermonters in the West", the persons referred to being Stephen A. Douglas and Rev. Truman Post, D. D., at one time instructor in Illinois college and pastor of the Congregational church and later a prominent minister in St. Louis until his death.

Mr. Wood told of the early hardships encountered by Douglas, how he landed in the west when twenty years of age, penniless and almost friendless. He found friends in the well known Murray McConnell and Mr. Miner of Winchester, the latter securing for him a school in Winchester and which he taught with success. The law was his goal and toward it he worked though with great difficulties but he surmounted them and the world knows the rest.

The other young Vermonters also meant to study law but he was attracted as an instructor to Illinois college and that forever cut him off from the other profession. An earnest christian became the second pastor of Congregational church here and finally received from a Presbyterian church in St. Louis a call coming to an anti-slavery Congregationalist from a pro-slavery city. He left Jacksonville in 1847 but he never forgot the place in which he had spent so many pleasant years and during his life he often came here to visit the people whom he loved. He rose to eminence in church circles and was a very useful man in many ways. He was an uncle of the present pastor of the Congregational church of this city.

Dr. Post spoke in high praise of the paper and expressed regret that more was not being done to preserve the history of this city. B. R. Upham said he had heard Douglas speak a number of times and also was present when Lincoln made the memorable remark that this nation could not exist part slave and part free.

**NEW CASE OF SMALLPOX.**  
A new case of smallpox was discovered yesterday near Litterberry. The family living on the Owen Crum farm, northeast of Litterberry has contracted the disease and the place has been quarantined. It is said that some of the places already quarantined will be released from the order today as the patients have entirely recovered from the effects of the disease.

**MARRIAGE LICENSES.**  
Norman Ray Sheppard, Jacksonville; Alice Dottie White, Jacksonville.  
Ernest C. Sandberg, Jacksonville; Lucy M. Corder, Jacksonville.

WILL COMPLETE TESTIMONY  
FOR THE ENGINEMEN MONDAY

Counsel For Men at Hearing States He Could Use Two Weeks in Presenting Stories of Blacklisted Men.

Chicago, Jan. 15.—The first stage of the arbitration of the western railway wage movement will be completed here next Monday when testimony for the enginemen will be completed and James M. Sheehan, attorney for the railroads, will outline the case from the viewpoint of the men who are asked to pay increased wages.

Witnesses today were G. H. DeGuire, William A. Best, Y. J. Merriman and D. B. Robertson. DeGuire by his testimony attempted to show that the forms which applicants for work fill out indicate that what is virtually a blacklist exists among the railroads and that employees before being given work are required to sign away rights of legal redress for accidents incident to their employment. Warren S. Stone of counsel for the men, said that he could use two weeks in presenting the stories of blacklisted men, but he put on only Best who regaled the board of arbitration with reminiscences connected with his own alleged blacklisting. Merriman gave technical evidence purporting to show that the hazard of running an electric locomotive is as great or greater than that of piloting or firing a steam engine. The contention of the men being that larger locomotives have increased labor and responsibility, throwing men out of employment and decreased earnings of engine. Robertson read quotations from published statements of managers and master mechanics of the roads.

## GAVE DANCE AT PRENTICE

The invited dance at the Prentice Hall proved to be quite a success Tuesday night. It was gotten up by L. B. Green and Oran Fynn. There was a large crowd from surrounding neighborhoods. Ashland, Prentice, Alexander, Yatesville, and Sinclair and Virginia. At mid-night light refreshments were served. Music was furnished by Oliver Lindsay, Harry Smith and Jesse Darling. William Samples and Luther Fynn will give another dance the 21st of January. The public is invited to attend.

## MISFIT OPTIMISM

The sun was hid day after day; the lowering clouds were dark and gray, the world was full of gloom; the people seemed depressed and sad, and looked as though they'd give a scud, to slumber in the tomb. "Here's where," I said, "my cheer-up creed will heal the hearts that ache and bleed, and make the people gay," and so I blithely stopped my friends, and said "Don't mind the sky that bends above us, grim and gray. Dost recollect the poet's lines? 'Behind the clouds the sun still shines,' or words to that effect; remember that when up you glance, remember that and sing and dance—don't let your joy be wrecked." My friends replied, "Come off your perch; a weary guy would need to search a million books of pomes, to find a comfort for his soul as through this land of doom and dole all dimly he roams. The sun may shine behind the clouds, but that won't help the human crowds—it ought to shine outside; we have no use for any orb that lets us suffer and absorb this moisture through the hide." I find it weary work indeed to promulgate my sunshine creed, so calloused are men's hearts; they don't respond to joyous tones, but greet my words with sighs and groans, and cuss by fits and starts.

CONSERVATIVE IMPROVEMENT IS  
REFLECTED IN A NUMBER OF LINES

Conditions in Trade and Industrial Quarters Are Awakening to Improved Impulses.

New York, Jan. 15.—Bradstreet's Weekly Review will say tomorrow: "Conditions in trade and industrial quarters are awakening to improved impulses while confidence is replacing uncertainty. As yet actual business has not gained the pace displayed by the spread of optimism, orders being of the steady, progress type rather than spirited. However, conservative improvement is reflected in a number of lines and while orders calling for immediate shipment continue to dominate there is more disposition to pin faith to the future."

"Bank clearings for the week were \$3,079,704,000, a decrease of 10.7 per cent from last year."

"Wheat exports were 9,129,199 bushels against 6,713,289 bushels a year ago."

"Failures in the United States were 600 compared with 413 last year; in Canada 62 compared with 61 last year."

THE LEWIS VI IS A  
GREAT AUTOMOBILE.

Car Sold by John Wolke, is Termed "Monarch" of the Sixes.

Attention is called to the advertisement of John Wolke, 905 Edgemon street, agent for the famous Lewis "VI" automobile. This machine is claimed by the makers to be the monarch of Sixes and to be a \$3,000 car for \$1,600. The car has numerous advantages which must appeal to anyone at all familiar with automobiles as it is simplicity itself, having comparatively few parts and so easy of construction that any one who can turn a wheel may soon learn to manage it. Mr. Wolke is a practical mechanic and will explain the merits of the car to anyone thinking of a purchase and will be glad to show it at any time. His place is 905 Edgemon street where the machine will be found and he will be glad to see anyone interested or to answer phone inquiries.

C. R. Van Winkle of Palmyra was among the Friday business callers in Jacksonville.

## EUROPEAN WAR NOTES

Berlin, Jan. 15.—By wireless to Sayville, L. I.—The German main army headquarters announces that as a result of the three days' fighting northeast of Soissons about 5,200 prisoners, fourteen guns, six machine guns and some revolver guns were captured.

"The further announcement is made that the French suffered heavy losses, from 4,000 to 5,000 dead French soldiers being found on the battlefield."

Rome, Italy, Jan. 15.—(12:50 p. m.)—Pope Benedict has opened negotiations with representatives of the nations at war with a view to procuring an extension of the agreement for the exchange of wounded prisoners. The pope has suggested that this agreement be so modified that it will include prisoners for the exchange of certain classes of civilians who have been detained in the various countries. Reference is made particularly to women, children, aged persons and men, who while of the age for military service, are physically unfit for it.

Vienna, via London, Jan. 15.—(11:25 p. m.)—The following Austrian official statement was given out today:

"In Russian Poland (Southern district) yesterday only occasional cannon and much gun fire was heard but a violent artillery fight was waged along the Dunajec river (Galicia). Our heavy guns worked very well setting on fire a large magazine and silencing several of the enemy's heavy batteries."

"In the Carpathians calm prevails. The increasing frost is exerting an influence on the operations."

Amsterdam, Holland, Jan. 15.—via London, (7:20 p. m.)—Telegram received here today from Berlin say that the German war loan bonds were privately bought today on the Berlin exchange at par which means an increase of 2 1/2 per cent compared with the emission price.

Petrograd, Jan. 15.—The following official communication from the general staff of the Russian command in chief was issued tonight:

"On the eve of the first day of the Russian New Year and on the following day (Jan. 14th, new style) a temporary calm prevailed on all the fronts. The Germans made some unimportant attacks on our advanced columns in the region of Loetensen (east Prussia). They failed and retreated towards their position after having suffered heavy losses."

"On the right bank of the lower Vistula river on January 14th, we continued pressing the German cavalry which was supported by some small bodies of infantry. The German troops which we had driven from Sierpce (in Russian Poland) twenty miles south of the West Prussian frontier, occupied the ford of the Shwara river but were unable to hold them. Under our pressure they continued falling back northwards."

"On the left bank of the Vistula the Germans made their customary attacks against some sections of our front especially against our line from Borjnow to Rawa. They failed everywhere."

Paris, Jan. 15.—(10:35 p. m.)—The following official communication was issued tonight:

"There is nothing of importance to report."

The Hague, Netherlands, Jan. 15.—via London, (7:17 p. m.)—The Dutch government is considering the question of removing the em-

bargo on cotton exports to any and a decree to this effect probably will be published in a few days. Up to the present time no cotton imported by Dutch merchants has been allowed to be exported to a belligerent nation, although a cargo consigned direct to a country at war has been permitted through transit.

London, Jan. 15.—(9:35 p. m.)—The sultan of Turkey has conferred the decoration of the Grand Order of Nishan-i-Chefakat on Mrs. Henry Morgenthau, wife of American ambassador to Turkey, and decorations of the second class of the same order on the three daughters of Mr. and Mrs. Morgenthau, in recognition of the services they are rendering to philanthropic and educational institutions in Turkey. This announcement is made today by the Jewish Chronicle.

**BARGAINS IN MILLINERY.**  
Mrs. O'Neil has bought the millinery stock of Mrs. Stallings on East State street and will close out at your own prices and soon will have in a new stock of the latest and best goods.

C. J. Toozie of Chicago was a visitor in the city yesterday.

LUKEMAN BROS

SPEAKER OF REICHSTAG ATTENDS  
LUNCHEON AT AMERICAN CLUB

BERLIN, via the Hague and London, Jan. 15.—(10:03 p. m.)—John J. Kaempf, speaker of the Reichstag, was present at a luncheon given at the American club today which was attended by American ambassador James Gerard, American Consul General Julius G. Lay and other prominent Americans. Ambassador Gerard welcomed Dr. Kaempf who in his response drew attention to the friendly relations between the United States and Germany and expressed the hope that they would continue undisturbed.

"THE BEST FOR THE MONEY"

Jacksonville, Illinois

## A HAPPY CHILD IN JUST A FEW HOURS

**It Cross, Feverish, Constipated, Give "California Syrup of Figs".**

Mothers can rest easy after giving "California Syrup of Figs", because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative". Children love it, and it can not cause injury. No difference what ails your little one—if full of cold or a sore throat, diarrhoea, stomach, bad breath, remembrance, a gentle "inside cleanser," should always be the first treatment given. Full directions for babies, children of all ages and grown ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs", then look carefully and see that it is made by the "California Fig Syrup Company". We make no small or size brand back with contempt any other fig syrup.—Advertisement.

## IF MEALS HIT BACK AND STOMACH SOURS

**"Pape's Diapiesin" Ends Stomach Misery, Indigestion in 5 Minutes.**

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestible food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

## BAD BLOOD.

### Hatred of the Nations for One Another.

This European war was born of the hatred caused by earlier warfare—it will engender other wars between the same nations in the future. The sons yet unborn will carry this hatred in their blood to blaze into warfare when the spark is touched by kings or statesmen who are yet in infancy.

It's bad blood that makes your liver sluggish and the same bad blood causes your stomach muscles to lose their elasticity and become flabby and weak and that means indigestion.

Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is not a secret remedy for all its ingredients are printed on wrapper.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver and bowels and kidneys and drive it from the system through the natural channels.

It will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will replace all the bad blood it drives out, with rich, pure blood full of vital force. It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles know no fatigue.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away never to appear again.

Get Dr. Pierce's Golden Medical Discovery at any medicine dealer today, in either liquid or tablet form as you prefer. It's the one great blood maker and purifier that all weak or run down people ought to start to use at once. If you want good blood, good health and clear skin, get a supply today.

## OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee", at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

## DIPHTHERIA CASE.

A case of diphtheria at the home of Mr. and Mrs. Medlock on South East street, has been quarantined and the family is now being cared for by the city.

## BELIEVES KILLING EXPOSED ANIMALS IS BEST METHOD

Dr. L. C. Tiffany Sees No Other Way to Stamp Out the Foot and Mouth Disease—Contagion Hard to Control.

Dr. L. C. Tiffany of Springfield, a former Jacksonville resident and for twenty-five years associated with the state veterinary department, has sent to the Journal the following communication, on the "Foot and Mouth" disease. He considers the situation more serious than is generally believed and that the killing of infected cattle and those which have been exposed offers the only certain means of stamping out contagion.

Apprehension exists that a grave mistake may be made in dealing with the foot and mouth disease in Illinois. The advisability of discontinuing the slaughter of diseased and exposed animals is being agitated in many quarters and the policy may receive many adherents unless a better understanding of the situation obtains.

Foot and Mouth disease today, is the most serious menace to the cattle industry in the United States, that the country has ever met.

It is true that in 1884, Illinois and some of the other states had a task in eradicating contagious pleuro-pneumonia, but it was promptly met by slaughter of all diseased animals, as well as all those that were apparently recovered from the disease, the latter being dangerous on account of the liability, at some future time, of their becoming acute or chronic cases and thus starting a new infection field.

Contagious pleuro-pneumonia being in many instances fatal, opposition to the eradication methods then used, was extremely limited.

While that invasion of Illinois was the most serious that the cattle industry had ever borne up to that time, and up to this, for that matter, the present situation as to foot and mouth disease, is much more to be feared as the infection may never be entirely eradicated.

Foot and mouth disease is not destructive to life in any important degree, but its contagion is the most subtle known. While the loss of flesh and milk in affected animals is important, yet from the fact that they recover, the idea sometimes prevails that slaughter should not be countenanced, and that quarantine should be invoked instead.

### Infection Disseminated in Many Ways.

Right here is where the greatest danger exists. No one knows how long an infected animal, even recovered from every symptom of the disease, may be able to convey the infection. The methods of dissemination of the infection are so various that it is difficult to enumerate them.

Let us suppose for illustration, that it is decided to abandon the destruction of animals, and that quarantine is relied upon. It is reported that there are thirty five premises in this state upon which there are infected animals now in quarantine. Quarantine to be effective, must absolutely prevent, not alone the removal of animals diseased or exposed, but also must prevent the removal of all matter with which such animals have been in contact, including man and all the other animals, domestic and wild, birds and fowls, which is absolutely impossible.

In order to enforce strict quarantine on these premises it would require a large army of men to picket them night and day, and unless such premises were thoroughly picketed, night and day, the accidental passage of strangers through them could not be prevented, and the infection might thus be carried to non-infected premises. The passage of wild animals, birds and fowls could not be prevented.

When we realize how simply and easily the infection is carried, it is hard to understand how objection to destruction of all diseased and exposed animals can be thought of. Foot and mouth disease has been brought into the United States by bedding accompanying horses, not by the horses, but the bedding came from infected premises. The present outbreak originated, without any doubt, from hides imported from South America, which might have been prevented had the hides been thoroughly disinfected. Again, when we contemplate the fact that this disease has been brought to this country from far away Europe and South America in ways so unsuspected, how can we, for a moment, think of leaving sources of infection such as quarantined animals and premises would be, scattered all over our state for an indefinite period. If slaughter and thorough disinfection is discontinued, foot and mouth disease will probably never be completely eradicated, with so many points of infection as now exists, and the animal industry will suffer irreparable loss. Continual outbreaks will occur, each of which will be a new center of infection.

While this method of slaughter is expensive, it will prove to be much less so than any other method, and is the only way in which we can hope to eradicate the disease. This method has proven effective in other outbreaks in this country, although we have never been so afflicted as now, and the question may well be asked, why abandon it?

### ASBURY CHURCH.

Dr. McCarty will preach at Asbury church Sunday afternoon at 3 p. m. and administer the Sacrament of the Lord's Supper.

### CUT THUMB BADLY.

Henry Walburn of Sinclair precinct sustained a painful injury recently. He was handling a hay frame which fell and cut off the end of his thumb making a painful wound.

## UNITED STATES GOVERNMENT SENDS WARNING TO CARRANZA

Points Out That "Serious Consequences" Making the Trip from New Orleans Enforced Confiscation of Foreign Owned Oil Plants in Tampico.

Washington, Jan. 15.—The United States government has sent a warning to General Carranza, pointing out that "serious consequences may follow" his threatened confiscation of foreign-owned oil plants in Tampico.

This announcement was made by Secretary Bryan after the latter had conferred with Sir Cecil Spring-Rice, the British ambassador, and representatives of American oil concerns.

Already the Carranza officials have practically enforced an embargo on the exportation of oil by a big English company. The British ambassador, at the suggestion of Mr. Bryan, sent an urgent telegram to the British consul at Vera Cruz which he was instructed to show to General Carranza. As the British fleet obtains much of its fuel from the Tampico oil fields, the possibility of serious complications over the Carranza government's attitude is fully realized by the American government.

Mr. Bryan said today that the foreign owned oil companies "feared confiscation of their wells" by Carranza and that the urgent representations had been made to forestall such action. The prospect of a battle on the outskirts of Tampico between the advancing forces of General Villa and the columns of Carranza under General Pablo Gonzalez is expected here to develop the situation further. If the Villa forces are victorious a solution of the problem is confidently expected because of previous assurances given the Villa-Gutierrez officials in that district.

The following summary of the situation in Tampico in a telegram from that point dated late yesterday was made public by the state department:

"The line between Monterey and Tampico has been cut and American colonists in isolated districts are sending women to Tampico, where place is still anticipating an attack. The food supply is said to be short. A large number of Americans have been thrown out of work on account of the closing down of the petroleum companies.

"On account of the lack of confidence in the constitutional money business is demoralized. It is said that in the Tampico consular district there are at least 1,200 Americans."

Despatches from Monterey to the state department dated yesterday say that some of the Carranza troops have returned to Monterey. The Villa troops having failed to enter the city when the bulk of the Carranza forces withdrew a few days ago.

## ASKS FOR ENGLAND'S ATTITUDE TOWARD STATUS OF THE DACIA

United States Asks if There Would Be Any Objection to Steamer Taking Cargo of Cotton to Bremen.

London, Jan. 15.—(9:11 p. m.)—Sir Edward Grey, the British foreign secretary has received a despatch from the state department at Washington asking if there would be any objection to the former Hamburg-American line steamer Dacia, which now flies the American flag, making the trip from New Orleans to Bremen with a cargo of cotton without establishing a precedent as to the sale of German ships to Americans.

The foreign office is considering the situation but has reached no decision. It can be said on high authority, however, that several high British officials at present do not look with favor on the proposition and still feel that the Dacia should not enter the German trade under any conditions.

A change of the vessel's destination from Bremen to Rotterdam is not regarded as altering the case materially.

Should cotton be shipped on the Dacia for the German trade it seems likely the cargo would be bought by Great Britain if the Dacia were held for a prize court on the ground that her sale was not bona fide.

The Queen Esther Circle of Grace church will meet Monday evening, Jan. 18th, at 7:30 at the home of Miss Dorothy Cannon, 626 South Diamond street.

### NOTICE.

Owing to the prevalence of the so-called foot and mouth disease among cattle in this vicinity, the Jacksonville State Hospital is desirous of taking all possible precautions to protect its valuable herd from this disease.

For this purpose a quarantine has been established, and the west and north gates to the institution grounds have been closed. It is requested that the public discontinue entering the institution grounds. Those who have business at the office may do so through the main entrance, returning to the street through the same entrance.

The co-operation of the public in this protection is solicited.

H. B. Carriel, Superintendent.

### DON'T TAKE CALOMEL.

Instead of dangerous, salivating Calomel to liven your liver when bilious, headachy or constipated get a 10-cent box of Cascarets. They start the liver and bowels and straighten you up better than nasty Calomel without griping or making you sick.—Advertisement.

## POULTRY SHOW WILL OPEN NEXT MONDAY

Morgan County Annual Exhibit Will Be Held in Illinois Hotel Building.

Active preparations are in progress for the annual exhibit of the Morgan County Poultry association which will be held in Jacksonville the coming week. The exhibit will be housed in the northwest corner of the Illinois Hotel building at the corner of tenth square and will continue from Monday, Jan. 18, through the following Saturday.

The indications are that this year the exhibits will surpass those of former years both in size and interest, as there are to be a great many outside entries. The entries must be filed by 6:30 tonight, and further information concerning the entries and premiums may be secured from J. C. Weber or R. C. Reynolds.

Some generous premiums have been offered and this fact makes it certain that the field of entries will be very large. The executive committee which has in charge the general arrangements for the show includes Mrs. Allen Franz, John Clancy, Allen Franz and James M. Vail. The president of the association is John W. Clary, and the judges for the exhibit will be D. T. Heimlich of this city and I. A. Ingle of Forest City. A very complete catalog was issued under the supervision of Mrs. John W. Clary, D. T. Heimlich, Mr. and Mrs. J. C. Weber and L. H. May.

## WILL EXPLAIN PLAN WHICH STATE CIVIC LEAGUE FOSTERS

Rev. D. B. Johnson Will Speak at Northminster Church Sunday Afternoon after the Band Concert—Advocates United Effort in Uplift Movements.

There will be an important citizens mass meeting at the Northminster Presbyterian church Sunday, Jan. 17, 4 p. m. immediately after the band concert.

This meeting will be held under the auspices of the Illinois State Civic Union, an organization which is spreading throughout this and other states and is national in scope. The Civic Union movement stands for the application of the moral law and golden rule to public life and is therefore interested in all the moral and humanitarian issues in government, such as the purity of the ballot, protection of the Sabbath, the suppression of gambling, immoral shows, obscene language, profanity and prostitution. It stands for all practical temperance measures, for the prevention of disease, the decrease of infant mortality, for industrial equity, prison reform and law enforcement.

The Civic Union has a plan for local organization that is said to be of great benefit to communities that have enterprise and the spirit of unity to work the plan. It is a public utility extension in citizenship and government righteously scientific, humane and efficient. The Civic Union does not endorse or oppose candidates for office but does seek to get all citizens wise as to conditions, needs and remedies and so interested in public affairs that things will not go wrong because of indifference and neglect. It stands for law enforcement by the sympathetic and practical co-operation of citizens, individually and collectively, with faithful officers carefully chosen.

Just now the Illinois State Civic is pressing several very important measures before the Legislature, namely: 1. An abatement and injunction law that purposes to close all houses of prostitution. This proposed measure is now a law in fifteen states and is a Federal law for the District of Columbia.

2. A law providing for medical examination for marriage license to arrest the spread of venereal diseases.

3. A law for the prevention of blindness from gonorrheal infection.

4. An improved impeachment law.

5. A law providing for a reasonable and thorough censorship of moving pictures.

Rev. D. B. Johnson, state superintendent in the city and will address this meeting. Mr. Johnson comes highly commended as a forceful, entertaining and convincing speaker. He has for many years been a leader in the field of moral and social reform.

It is hoped those who attend the meeting will remain for Mr. Johnson's address and that many will attend specially for this Civic meeting.

### SHOWS BIG DEFICIT.

New York, Jan. 15.—The deficiency remaining after the payment of the purchase price of the property of the Chicago, Rock Island & Pacific railway company is \$68,132,223, according to a report filed in the United States district court here today by Bronson Winthrop, special master in the foreclosure litigation brought by the Central Trust company. The report shows that the judgment with interest added totaled \$75,267,523.

The property was sold for \$7,135,399.

### ARKANSAS LEGISLATURE FACES DEFICIT.

Little Rock, Ark., Jan. 15.—The State Legislature, which convened today, is facing the problem of a deficit in the finances of the state government. According to John W. Crockett, state treasurer, the general reserve fund, from which current expenses are paid, is overdrawn almost \$400,000 and the state is going into debt at rate of \$40,000 per month.

# Christmas Savings Club

Which has been forming since December 21, 1914, at

# The Ayers National Bank

IS STILL OPEN FOR YOU TO JOIN

AND INTEREST ON YOUR DEPOSITS WILL ACCRUE FROM DATE CLUB STARTED.

The Dimes, Nickels and Pennies you allow to slip through your fingers for things of little use to you will keep up your payments. Do not postpone joining for soon it will be too late.

When we opened our new Bank Building two years ago, we started our first Club and in December of that year paid about Seven Thousand Dollars.

One year ago, our second Club was started, and the week before Christmas we paid out to our Club members nearly Twenty-five Thousand Dollars.

## This Money Went Into the Channels of Trade

The members had funds for their Christmas shopping and merchants were benefitted because the members had money to spend. Those who have tried it, like it, and they say they are going to join again.

You ask them what they think of it and what they say is the strongest proof of its advantages we can offer you.

It ought to amount to Fifty Thousand Dollars this year, and we believe it will. Just think what that will mean to you Christmas week of this year.

Call and let Mr. J. J. Kelly, our Savings Teller, explain the plan to you.

# FORCED SHOE SALE

This great money-saving event has been in progress ten days, with only five more to go. While hundreds have already taken advantage of the wonderful money-saving values, I am still quite a way from \$1,500 I must have by Saturday night, Jan. 16th, to satisfy my creditors. I have decided to cut my prices STILL LOWER regardless of cost for this final wind up of the greatest money-saving event ever pulled off in Jacksonville. Below I quote only a few of the many bargains to be found. I've got the shoes; you have got the money. Let us get together.

Lot No. 1	Lot No. 2	Lot No. 3
Superior \$5.00 and \$6.00 grade a'	\$3.00, \$3.50 and \$4.00 Shoes in tans and blacks, lace or button, for this week only	\$3.50 and \$4.00 Hannah and Superior
<b>\$2.90</b>	<b>\$2.50</b>	<b>\$2.60</b>
Think of it, lower than manufacturers' cost	Lay in a supply now. Shoes will be higher	Men's Overshoes cut to cost.
Lot No. 5	Lot No. 6	Lot No. 7
Ladies' \$3.50 Shoes at actual cost	Ladies' \$3.00 Shoes at	Odds and Ends in Ladies' Shoes. Some as high as \$4.00, in lace, only for
<b>\$2.85</b>	<b>\$2.40</b>	<b>\$1.50</b>
Patents in Cloth Tops or Kid. Dull, in all heels	Dulls and Patents. High heel and low. In these are Baby Doll, Cloth Tops, Patent Button.	Mostly small sizes

## RUB RHEUMATIC PAIN SORENESS, STIFFNESS

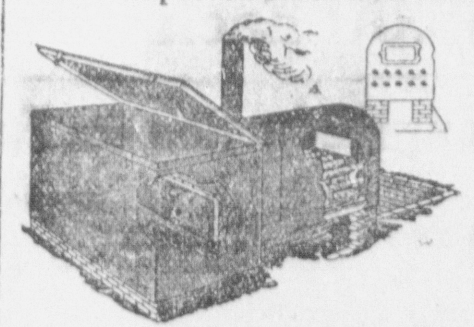

Rub Pain Right Out With Small Trial Bottle of Old "St. Jacobs' Oil."

What's Rheumatism? Pain only. Stop drugging! No one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs' Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs' Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and can not burn the skin.

Lather up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacobs' Oil" has cured millions of rheumatic sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.—Advertisement.

## CATTLE FEEDERS

Woods Improved Grain Softener

Pat. Applied for 100 bu. size.

We find by putting soda in the corn when cooking it helps make the corn more digestible enough to pay for the soda, and keeps the hogs in a healthy condition. We also make all the charcoal we need by closing the draft so it can not get air, when we have a bed of live coals.

Yours for producing more beef and pork.

standard, 54½¢.

NEW YORK STOCK MARKET.  
New York, Jan. 15.—The stock  
market made considerable recovery  
today from its inertia of the early  
part of the week. Dealings were  
larger and the movement broader.  
Standard or representative shares  
made little progress however, and  
were under pressure throughout the  
session. This restraint was ascribed  
to foreign sources which are be-  
lieved to have renewed their ef-  
forts at liquidation. Most of the  
prominent international issues, par-  
ticularly the trans-continentals, the  
metal stocks and United States  
steel reflected this condition. Can-  
adian Pacific being the only not-  
able exception. That stock became  
very active in the later trading ris-  
ing almost three points from its  
early low quotation. Missouri Pa-  
cific suddenly became extremely  
active on rumors of substantial fi-  
nancial backing.

Important gains otherwise were  
once more confined chiefly to the  
special class of stocks, in some of  
which were evidences of pool manip-  
ulation. American Lined oil, Can-  
mon and preferred were materially  
affected by the high prices quoted  
for the raw product. American To-  
bacco, Consolidated Gas and the  
Automobile and allied issues rose  
from 1 to 2 points and there was a  
five point gain in Virginia-Carolina  
Chemical preferred. Western Un-  
ion's continued strength was ex-  
plained by its very favorable annual  
statement. Best prices and greatest  
activity were witnessed in the fi-  
nal dealings.

Forecasts of another large cash  
gain by local banks were accompa-  
nied by a reduction in sixty and  
ninety day loans to 3 and 3½ per  
cent, all longer loans being made  
on a 3½ per cent basis. Foreign ex-  
change was higher on cessation of  
selling of London bills. New York  
and Philadelphia offered lower  
terms for prime commercial paper.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists.

Take one or two nightly and note the pleasing results.

The Olive Tablet Company, Columbus, O.

HIGH SCHOOL STUDENTS  
PREPARE FOR CARNIVAL

Great Enthusiasm Apparent at Meeting Held in Auditorium Friday.

The high school auditorium was a scene of fine enthusiasm yesterday morning at a meeting of the high school students' association called for the purpose of boosting the carnival to be held at the building this evening. President Ralph Reynolds was in the chair and several hundred enthusiastic people were in front of him.

Mr. Reynolds called on various persons to speak in behalf of the special attractions they would have to offer through their respective organizations.

Floyd Williamson told how grand would be the special show, "That Rascal Pat" while Esther Davis assured the audience that the Crackers' Bend orchestra would convince everybody. Elsie Reid spoke for the junior room and John Collins extolled the merits of the hang together stand. Albert Molohon assured all that the freshmen popcorn booth would be irresistible.

Miss Helen Harney made an eloquent speech in behalf of the senior home made candy booth and assured all that if every other attraction failed that would surely be a success and she hoped it would receive the patronage it deserved. Leonard Young discoursed on the musical booth and the different attractions it would have. Miss Marie Scott, of the faculty, made some peculiarly happy remarks.

She said all were working hard to prepare something extra fine. She mentioned the different attractions and assured all that it was no charity affair but would be abundantly worth all that would be charged in the various departments and had all be loyal to the high school. Calls were heard for Adolph, Rudolph and Peridolph Schultz, respectively cornet, clarinet and trombone players who would charm the people immensely.

President Reynolds regretted that the basketball team was to go to Peoria Saturday and would not be able to be present but hoped they would come out victorious and get revenge for the result of the football game of some time since. He too urged loyalty and co-operation.

Principal Stone said he deeply regretted the absence of the basketball players but hoped for good news before bed time Saturday. He was sure that interest in basketball was increasing as many of the various classes had signed and more were to come. The gymnasium would be theirs Monday and Tuesday. He said Saturday evening he would have some superb views of Washington city. He called for rousing cheers for the basketball team and they were given with a will.

All through the meeting Floyd Williamson was at the front and on every possible occasion he led the audience in cheers and high school yells.

WITH ST. LOUIS CLUB OFFICIALS

Announces He Has Two Third Basemen From Major League Clubs Under Agreement to Sign Contracts.

St. Louis, Jan. 15.—President James Gilmore of the Federal League spent the day in St. Louis today in conference with the officials of the local club of the league. Gilmore came here to meet Fielder Jones, manager of the team. Federal, but the latter wired this afternoon that he would not be able to reach St. Louis until tomorrow when the two will go into conference.

Gilmore announced that he had two third basemen from major league clubs under agreement to sign contracts with the third league and that one of them would come to the St. Louis club, Jones, having his choice of the men. He would not say from what team they came or give out their names.

He also announced the selection of a successor to Edward A. Steininger who today resigned as president of the St. Louis club but said he would not make his name public until the board of directors met next week.

## SEES ERA OF FARM PROSPERITY

W. E. Hall in talking about the excellent prospects for farmers this year and for several years, said recently:

"Every farmer is vitally interested in present conditions and what the best authorities are certain will happen within the next few years. There is no longer any reason to doubt that a new era of unparalleled prosperity has dawned for the American farmer, but this opportunity brings with it a heavy responsibility. The world will expect him to heed the cry for bread and meat that is sure to come.

"If we are to live up to our opportunities and meet the expectations of the world in this crisis, we must farm more acres and increase the productivity of every acre on the farm. The farmer must meet the world's cry for bread, and should remember that grain crops are only produced in this country once a year—hence the necessity of thorough preparation for the best results."

## PATROLMAN TUITE IMPROVES.

Patrolman Tuite, who has been suffering with a case of blood poisoning since an encounter he had with Harley Adams after the latter was arrested several weeks since, is improving slowly and yesterday was able to walk down town and to the office of the physician who is attending him. Mr. Tuite has a bad case of poisoning and at times his hand pains him terribly.

Mr. and Mrs. William Sudbrak of Virginia were in the city Friday en route to visit with relatives in Greenfield.

## AT THE CAR SHOPS.

Business is looking somewhat better at the car shops and a goodly amount of work is in sight.

The shops have run every day this week and the men are hoping for this state of things to continue. Freight engine 64 is well along and it is expected will be sent out for business Wednesday.

Number 65 is just in and will require a lot of work before going out on the rails.

Number 31 is in for general repairs and will need much work to be gotten in order for business.

Number 55 is just in for a general overhauling.

Number 4 switch engine is almost ready to go out for work.

Number 59 is waiting to take the place in the shop that will be vacated by number 4.

Number 51 is waiting too for a chance in the machine shop.

Switch engine No. 6 is ready to go out when wanted.

The veteran store keeper, John Devlin, is again at his post, as smiling and jolly as ever. All think lots of John.

The hydraulic press was busy yesterday putting on car wheels and had a pressure of 35 tons which slowly and surely put the wheels into their proper places on the axes.

Mike Clancy, William Boland, Jerry Condon and Terry Sloan, all of the boiler shop, expect to go to Peoria Sunday.

The mill is busy with heavy wood work.

James Stacy has been out of his place in the blacksmith shop this week on account of the death of his brother, who was killed recently.

Leo Hegerty has been added to the force of blacksmith helpers.

Frank Corbridge is to take charge of the big shears in the blacksmith shop Monday.

The blacksmith shop is quite busy now working nine hours a day and six days a week.

William Sauer, foreman of the blacksmith shop, has been especially careful the past year to rescue all the rods and wrought iron cast away and has used hundreds of pounds of it for new work for which it is well suited and has saved the road considerable money.

Wynn Sperry, helper in the blacksmith shop, has resigned.

Passenger coach No. 52 is in the shop for general repairs and complete overhauling.

A new caboose, No. 11, has been turned out and is ready to be put into service. It is a fine car for the purpose.

Another new caboose, No. 3, is in the yards and will soon be out into commission.

Passenger coach No. 51 is about ready to go out and is a beauty in every way and substantially reconstructed.

In the carpenter shop they are making a lot of seats or settees for the new station at Havana.

Members of Post O. Travelers' Protective association, are circulating a petition which is being largely signed by all the members of the post, directed to the senator and representatives from this district, asking them to use their influence for the defeat of a measure which will come before the present session of the legislature which purposes to repeal the two-cent fare law in Illinois. It is understood that the railroads will make a decided effort along this line and are seeking to reinstate three-cent fares with the hope of ultimately securing a two and one-half cent fare. The action of Post O. is similar to that being taken by traveling men throughout the state.

Members of Post O. Travelers' Protective association, are circulating a petition which is being largely signed by all the members of the post, directed to the senator and representatives from this district, asking them to use their influence for the defeat of a measure which will come before the present session of the legislature which purposes to repeal the two-cent fare law in Illinois. It is understood that the railroads will make a decided effort along this line and are seeking to reinstate three-cent fares with the hope of ultimately securing a two and one-half cent fare. The action of Post O. is similar to that being taken by traveling men throughout the state.

## BIG FLEET OFF FOR MANEUVERS AND CANAL OPENING

Washington, Jan. 15.—The big Atlantic fleet, spick and span, is off for the winter cruise and war maneuvers in southern waters. After a month of practice, the fleet will escort the Oregon, the old flagship of the navy, in the opening of the Panama Canal.

Rear Admiral Frank F. Fletcher, who last year distinguished himself in handling the navy's end of the Mexican situation at Vera Cruz, is in command of the big fleet. The base of operations will be at Guantanamo, Cuba.

## CRYING FOR HELP

Lots of It in Jacksonville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; not one more important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys.

Read what Doan's have done for Jacksonville people.

Mrs. Eva Martin, 902 Hackett Ave., Jacksonville, says: "I have taken Doan's Kidney Pills for several years and I know them to be a good, reliable remedy. When I have a pain in my back and my kidneys do not act regularly I get Doan's Kidney Pills at Armstrong's Drug Store. They bring me great relief and I have no hesitation in saying so."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-McBurn Co., Props., Buffalo, N. Y.

H. B. NEIDSTRADT CALLED  
BY DEATH AT ARENZVILLE

Well Known Citizen Succumbs to Injury Received a Week Ago and Pneumonia.—Burial Will Be Sunday.

H. B. Neidstradt, a well known citizen of the Arenzville neighborhood, died Thursday afternoon at 4 o'clock at the family home six miles northeast of the town. About a week ago Mr. Neidstradt fell and broke his hip and later pneumonia developed. Mr. Neidstradt was a man of splendid character and life and his passing away removes the last of the early settlers who took an active part in the St. Peter's German Lutheran church of his community.

He was born in Germany and at the time of his death was 87 years, 7 months and 12 days of age. His wife died last April. He is survived by five sons, William, John, Herman, Louis and Henry and two daughters, Louise and Anna, all of the Arenzville community.

The funeral services will be conducted Sunday afternoon at 1:30 o'clock from the St. Peter's Lutheran church, in charge of the pastor, Rev. D. A. Gardon. Interment will be made in the cemetery adjoining the church.

## SINCLAIR.

Miss Myrtle Meeal has been visiting her sister, Mrs. Earl Farmer, this week.

Miss Audrey Hodgson is seriously ill at the home of her parents, Mr. and Mrs. Joseph Hodgson.

Among those who paid the city a visit Thursday were Mrs. Elisha Bingham, Mrs. Grant Moody and Newton Moss.

Mr. and Mrs. Aaron Hodgson and daughter, Garnetha and Mrs. Hodgson's father, Grant Moody, visited Mrs. P. M. Hogan of Jacksonville Sunday.

Amos Swain lost a valuable horse with corn stalk trouble and has another one sick.

Mrs. Aaron Hodgson has been on the sick list this week.

Miss Myrtle McNeal spent Sunday in Jacksonville.

R. D. Wain, C. and A. agent, who has been on the sick list is improving.

Mrs. George R. Swain, received word announcing the death of her niece in Chicago.

The dance Tuesday night at the Prentice hall given by L. B. Green and Oran Flinn was quite a success. Those who attended from here were Frank Sice, Ethel Flinn, Elsie Sice, Anna and Earl Moody, Lee,

Luther and Oran Flinn, Glen and Harry Farmer.

Luther Flinn is visiting friends in Springfield.

J. F. Mahon was in Jacksonville Tuesday.

Miss Maude Farmer was transacting business in the city Wednesday.

Mrs. Besse Riggs is visiting in Roodhouse.

Read the Journal: 16c a week.

## BRITISH WILL NOT HAMPER

PHOSPHATE SHIPMENTS

Gainesville, Fla., Jan. 15.—The phosphate industry of Florida will not be further hampered by the British government, according to Sir Cecil Spring-Rice, British ambassador, who declares the recent search of cargoes was made to see that no copper was being smuggled through to Germany. Germany buys a vast quantity of Florida phosphates.

## Why an Automobile

Something of Particular Interest to  
the Farmer, City or Town Dweller, to  
Whom Time and Expense Is of as  
Much Importance as Solid Comfort

To those who are more or less seriously contemplating the purchase of an automobile this spring in which to make necessary or desirable trips to town during the week and wish to do it quickly, with ease and comfort and without the necessity of looking around for a hitching post, letting your hard-worked horse have a deserved rest meantime—

Or to take an outing at nearby or distant places of interest without having to endure the delays and inconveniences incident to the ordinary means of travel, going as slowly or as rapidly as you please and stopping where your fancy calls—

Or to enjoy with your family, and a well-filled basket, a day's trip out into the woods and country—

Or for getting to church and to other meetings of interest; to chicken fries, burgoos, chautauquas, picnics—

Or to be as well equipped as your neighbor—

Or to enjoy life while you are living—

## You Must Have the Best---the Best Always the Cheapest

You want your automobile to have the simplest and most direct machinery, machinery that you can get acquainted with, that is built of the very best material, machinery that will run thousands and tens of thousands of miles without needing adjustments. You want your automobile to possess a long wheel base in order to insure easy riding, but you do not want from a third to a half of this wheel base taken up by useless attachments. You want most of this space for yourself and for your family and friends, your bundles or baggage—

You want your automobile to possess a six cylinder motor in order to insure easy, steady pulling, and so arranged that you can run as slow as two miles per hour or less on high gear without fear of your engine going dead, or that you can instantly send up to sixty miles per hour if desired—

In Fact You Want

## A LEWIS "SIX"

It is the simplest and most complete car built. There is not an idea missing from this car and yet it has almost twelve hundred fewer parts than the average Six. Think of it! The sheer simplicity in machinery and comfort, yet retaining all that is necessary for endurance, economy and comfort—

A Car That You Will Be Proud to Drive  
A Car That You Can Well Afford to Keep

Send me your address, or phone me, and I will be pleased to send you specifications, illustration and full description of this splendid car.

### MORE CANDIDATES

**FOR COMMISSIONER**  
Joshua Vasconcellos yesterday made good various predictions with reference to his candidacy and formally announced that he will seek nomination as a city commissioner. Mr. Vasconcellos is senior member of the firm of Vasconcellos & Sons and has for a number of years been a prominent work in the affairs of Northminster church and the Y. M. C. A.

Another avowed candidate for a commissionership is Charles W. Tinsley, who is now janitor of the city building. Mr. Tinsley has a good education and is recognized as one of the substantial colored citizens. Frank Mallory was also talked of for a time as a candidate but it is stated that he has definitely decided not to run.

Miss Marguerite Dunaway is expected in the city today from Virginia for a week-end visit with friends.

### MRS. GEORGE D. ROBERTS DIES AT PASSAVANT HOSPITAL

Widely Known Resident of Franklin Succumbs to Illness of Several Months—Funeral Announcement to be Made Later.

Mrs. George D. Roberts of Franklin, died Friday evening at 8 o'clock at Passavant hospital, following several weeks illness. Mrs. Roberts underwent an operation at Dr. Day's hospital the first of last September last year. She was at the hospital for nine weeks, when she was taken home. After being there a short time, the family thought best that she be taken to Battle Creek, Michigan, for treatment and she was in the hospital there for a month. The physicians there held out little hopes for her recovery and about two weeks ago she was brought back to Jacksonville and taken to Passavant hospital. Her condition has been critical since being brought here and death has been looked for at any moment during the past three or four days.

The passing of Mrs. Roberts removes a much beloved citizen from the community. She was a woman of high ideals, noble purposes and of unusual energy and integrity. She lived an unselfish life, finding great enjoyment in doing for others. Not only was she devoted to her family and the home circle, but her influence and deeds of kindness extended to her friends. She forgot self in living for others and her presence was always a benediction to those in need or lacked sympathy. In the earlier years of her life Mrs. Roberts took an active part in the work of the Methodist church at Franklin of which she had been a member from childhood. She was a musician of much ability, being both a singer and a pianist and for a number of years was organist at the Franklin Methodist church. During her last illness she maintained a strong faith that she would get well, never giving up until recently. Mrs. Roberts will be missed in the home, the community and among her wide circle of true friends who had learned to love her for her wholesome life and goodness.

She was born in July, 1851, at Franklin, being a daughter of Mr. and Mrs. Jacob Dickinson, who came to Morgan county from New Jersey. She was married 41 years ago to George D. Roberts, and since that time they have lived near Franklin on a farm.

She was the mother of ten children, two having passed away, Ralph and Nellie. Besides her husband she leaves the following sons and daughters, Mrs. A. J. Wright of Springfield; Morris of San Antonio, Texas; Hal H. Fred, Harriet, Grace, Beulah of Franklin and Donald Roberts of Battle Creek, Michigan, also a sister, Mrs. Holly Clark of Olathe, Kansas. Hal H. Grace, Beulah and Morris were at their mother's bedside, when the end came.

The remains were removed to the undertaking parlors of Williamson and Cody. They will be taken this afternoon at 2:08 over the Burlington, to her late home.

Funeral services will be announced later, but probably will be held either Tuesday or Wednesday.

### LABOR MEN TO ESTABLISH OWN BANKS

Philadelphia, Pa., Jan. 15.—With the completion of the referendum vote by the members of the Bridge and Structural Iron Workers, the establishment of a chain of labor banks within the coming year appears more certain. The vote is being tabulated, and leaders in the movement declare it has carried. The executive board of the union will at once take steps to establish a depository, if the result is favorable.

The movement for workmen to control their own banks is a duplicate of the farmers' co-operative system. It is yet in its infancy, but many branches of organized trades are watching the outcome of the innovation and will follow suit when it is proven a success.

A great central labor bank is more than a mere possibility today. Union men believe that the time has come when they should control their own financial resources and place them where they would bring benefit to workmen. Co-operation is creating better working conditions and securing better wages has led to the inevitable consideration of co-operation in productive industry.

### SALE OF BUILDING WILL MARK END OF OLD MORGAN COUNTY CHURCH

Murrayville Presbyterian Church Will Pass Away With Auction of Property Today—Organized as West Union in Year 1843.

This afternoon at 2 o'clock there will fall under the auctioneer's hammer the church home of one of the historic religious bodies of Morgan county, the Presbyterian church of Murrayville. The white frame building antedates the Civil War and the congregation dates from the early 40's when it was known as West Union. The church was officially disbanded December of last year by action of the Springfield Presbytery on the recommendation of Dr. W. H. Penhallegon of Decatur and the Rev. S. H. Taylor of Greenville who went to Murrayville before the Presbytery meeting and discussed the situation with the officers and members of the congregation. The last pastor was the Rev. H. D. Trickey, who preached at both Manchester and Murrayville and who is now at Altamont, Ill.

Both lot and building will be sold to the highest bidder and the historic structure will probably be removed to permit the lot to be used for other purposes. The building is one of the oldest in Murrayville and was during the Civil War made use of as a recruiting office. When disbanded the officers of the church were: W. A. Wesner, Willard McKean and James K. Cunningham, elders, and F. L. Ramsey and George Sooy, trustees. Dr. Penhallegon is expected from Decatur today to attend the sale and the Rev. W. E. Spoonst of Jacksonville will be present also.

**West Union Church.**  
West Union, afterwards Murrayville Presbyterian church, was organized in the fall of 1843 by a committee of Sangamon Presbytery in a grove west of Mrs. Helen McDonald's. The house of Mrs. McDonald was in what is now Murrayville. The following were the original members: Edward Ray, Nancy Ray, Helen McDonald, John Murray, Sr., Hannah Murray, Samuel and Elizabeth Murray, Jean Wilson, William McDonald, Mary McDonald. The elders were Edward Ray, the first; Olin P. Reaugh, Samuel McKean, Willis McLung and Alexander Cunningham. The first minister was the Rev. Thomas A. Spillman and those following up to the year 1879 were Thomas G. Sedek, Thomas M. Newell, John D. Shane, Noah Bishop, Thomas D. Davis and Robert W. Allen.

The present house of worship was sufficiently advanced to be used for religious services in 1860. Previous to that time the congregation held their meetings in a school house about a mile north of Murrayville, or in a grove not far from the widow McDonald's.

The Rev. Augustus M. Ayers was for a number of years pastor of the church and the Rev. S. A. Glasgow had the work in charge there later. Rev. Mr. Glasgow was preacher also at Woodson and eventually left the Murrayville church to devote his time entirely to the Woodson congregation.

**A Perpetual Memorial.**  
Among the men who look back to this old building as their church home none is more worthy of especial notice than Alexander Cunningham, son of one of the founders, and for twenty-five years a missionary in China. But twice in this period has he been back to the country of his birth, the last time five years ago, reports his brother, J. K. Cunningham. Rev. Mr. Cunningham's work in China has been earnest and faithful and will long stand as a memorial to the church of his boyhood and youth.

### PRESIDENT'S STRIKE COMMISSION MEETS SUCCESS.

New York, Jan. 15.—The strike commission appointed in November by President Wilson has completed its negotiations with miners and coal operators of Colorado, and is now on its way to Denver to culminate an agreement between the coal barons and their workers looking to the prevention of future labor wars in the Colorado fields.

The commission consists of Hon. Seth Low of New York, Chas. W. Mills of Philadelphia and Patrick W. Gilday of Clearfield, Pa. These men have been in almost constant communication with both sides of the big controversy, and have brought reason to bear on both sides. "Everything is satisfactory," said Commissioner Miller, "and we hope and expect to devise a working agreement between the miners and the operators."

The present trip to Colorado is the second stage of its work. That is, the problem of the present unemployment of miners and their suffering as a result of their idleness. The commission will co-operate with the local authorities in Colorado in an effort to solve the present situation of unemployment.

Before journeying westward, the commission awaited the new administration in Colorado. Governor Carlson has now been inaugurated, and his views have met with an improved popular confidence. The field has been cleared for conciliatory plans, for much of the bitter feeling against the state government on account of its harsh means of handling the strike situation, has been alleviated. Reconstruction is the watchword of the commission that will meet all sides in Denver next week.

Louis H. Maul of Litchfield was in the city yesterday attending to matters of business.

I. N. Stout of Ripley, Ill., was among the Friday business callers in the city.

Uruguay has enacted an accident prevention law.

## Johnson, Hackett & Guthrie

East Side Square

THEN and NOW  
Jan. 16, 1908. Jan. 16, 1915.

Seven years ago today, General Sir Baden-Powell organized the Boy Scouts of England. Since the hero of Mafeking has extended his organization around the world, it being modified to suit every country. It was brought to America in 1910 and it at once seized the imagination of the American boy under the name of the Boy Scouts of America. Love of scouting was aroused in General Baden-Powell through reading the novels of Fenimore Cooper and Major Marriatt and it was through his gift as a scout that with only 700 men, he held Mafeking against 12,000 Boers for over seven months till the British relief arrived. During this siege he made scouting expeditions outside of the city almost every night and organized the first band of boy scouts in the British army, which was of great assistance to him in his hold on Mafeking. This convinced him that the whole empire was in need of such an organization but his ideas did not take definite form till he had studied such writers on outdoor life as Thompson-Seton with his organization of "Woodcraft Indian Brotherhood," which then numbered 100,000 American boys. Then it was that the purely military conception of the Scout that Baden-Powell had in mind gave way to the broader and finer ideal of training boys through scoutcraft to become all around knights of duty and kinds of emergency in every channel of life.

Today there are more than 2,000,000 boy scouts in the world and America stands at the head of the list. It was in 1910 that General Baden-Powell came to the United States and Mr. Thompson Seton marched his 100,000 "Woodcraft Indian Brotherhood" boys under the banner of the Boy Scouts of America. Boys all over the country began to shower letters for application for membership on the heads of the organization, and today the Boy Scouts in this country number 250,000. Over these are about 6,000 scout masters and the Scout's Law for this biggest organization of youth in the country reads as follows: "Honor among comrades, fealty and obedience to parents, employers and superiors and to court the day lost whose low descending sun views from the hand no generous action done. Chivalry towards women and girls, protection of the weak and consideration for the aged and infirm." It has been said that "In these ringing words is to be found the blood of a revived and militant knighthood come to arrest the menace of greed and selfishness and commercialism of American life." Thousands of the boys in crowded cities have learned to shoot, ride, skate, swim, run, use tools, and to know the woods and its ways. Many in their new scout uniforms have acquired self reliance and resourcefulness for every occasion.

### REFEREE HEAD FORFEITS

#### GAME TO BLUFFS HIGH

Basketball Contest of Bluffs vs Routh College Comes to Abrupt Ending.

The basketball game Friday night between Routh college and Bluffs high came to an abrupt ending, when Referee Head, forfeited the game to Bluffs, 2 to 0, because of a disagreement as to the rules of the well known winter pastime.

The game was nearing its close, with Bluffs ahead, when the difference arose. Principal Head of Bluffs was acting as referee and Groves of Jacksonville as umpire. Head called a foul on Maloney of Routh and at the same time Groves called a foul on Sears of Bluffs, both for roughness. The umpire wanted both men taken out of the game, as both were disqualified to play further, while the Bluffs official wanted Maloney out and Sears to remain in. Rule books were produced and the argument ended by the referee forfeiting the game to Bluffs 2 to 0.

Springfield, 25; Lexington, 15—Springfield high basketball team won from Lexington high here tonight 25 to 15.

### PROGRAM AT NORTHMINSTER FOR MASS MEETING SUNDAY

Jeffries Band Will Give Concert and Mrs. Wilson Will Sing.

With music by Jeffries band, solo numbers by Mrs. Genevieve Clark Wilson and Prof. Harry Beckman and short addresses by several ministers of the city, the men's mass meeting Sunday afternoon at Northminster Presbyterian church will have a program of more than unusual interest. A collection will be taken for the band, which will occupy a prominent place on the program of the afternoon, which is announced as follows:

Pilgrim's Chorus—Tannhauser, Jeffries Band  
 Overture, Crusades—Bennet, Jeffries Band  
 Vocal solo, O Eyes That Are Weary—Frank H. Brackett, Mrs. Wilson  
 Short addresses by the Rev. Myron L. Pontius, the Rev. Howard D. French and the Rev. Percy W. Stephens.

Hearts and Flowers—Tobain, Jeffries Band

The Last Hope—Gottschalk, Jeffries Band

Vocal solo, The Old Ship Zion—Prof. Harry Beckman

Melody of peace, Star Spangled Banner—Jeffries Band

Paraphrase, Nearer My God to Thee (By request.)—Jeffries Band

NURSES MAKING BANDAGES FOR WAR SUFFERERS  
 The Graduate nurses of Jacksonville met Friday evening at the home of Miss Sophia Kirchhoff, where they made surgical supplies to be sent to aid the European war sufferers. Thursday evening they met with Mrs. J. F. Brown and a series of similar gatherings will be held in the coming days. Already more than 1200 yards of gauze, surgical dressings, and bandages have been made. When finished the same will be sent to the American Red Cross society.

Hear the Spanish Musical Company tonight at Grace M. E. church 8 p. m.

INSURANCE MAN ON TRIAL.  
 A number of Jacksonville people are watching with interest the progress of the trial of P. B. Sullivan at Springfield. Sullivan was president of the Assured National Mutual Fire Insurance Co., of Decatur, which is now in the hands of a receiver. He is charged with using the U. S. mail to defraud. Several policy holders live here.

### NEW ALTON TIME CARD

#### IN EFFECT TOMORROW

Change in Time Cuts Off One Train From North and Puts on One Extra Train From South.

The new Chicago and Alton time card goes into effect at 12:01 a. m. tomorrow morning and makes many changes in the present train schedule between Bloomington and Roodhouse and on other points of the road.

The change places an extra train in Jacksonville from the south and cuts off one train from the north.

Conductor Charles Burdick who has been on runs No. 15 and 16 will take Nos. 32 and 33. E. C. Carpenter will remain on Nos. 30 and 31. Perry Schuman will take 46 and 45 instead of 32 and 33. Ed. Watson remains on runs 15 and 16. Conductor Weatherford will run opposite Watson on 15 and 16. Conductor Eugene Grady will alternate runs 32 and 33 and will run regularly on 70 and 71.

The Chicago and Alton train time table effective tomorrow is as follows:

**North Bound.**  
 Chicago "Hummer", daily 1:55 a. m.  
 Chicago, Peoria, Bloomington Express, daily 7:45 a. m.  
 Chicago Limited, daily 1:30 p. m.  
 Peoria, Bloomington Accommodation, daily 5:30 p. m.  
**From the South.**  
 Arrive daily, except Sunday, 12:20 p. m.  
 Arrive daily 8:50 p. m.  
**South Bound.**  
 St. Louis Accommodation, daily 6:15 a. m.  
 Kansas City, St. Louis Local, daily 11:15 a. m.  
 St. Louis, Mexico Accommodation, daily except Sunday, 4:10 p. m.  
 Kansas City Express, daily 8:00 p. m.

**CLEARANCE PRICES NOW IN EFFECT AT KNOLES**  
 \$25 suits and overcoats \$15.  
 \$22.50 suits and overcoats at \$13.50.  
 \$6.00 Boys' suits \$5.00.  
 \$1.50 boys' suits \$3.50.

**PARENT-TEACHER'S MEETING.**  
 A parent-teacher's meeting of South Jacksonville was held Thursday afternoon at the Maple Grove school. Mrs. Herman Weber presiding. Miss Katherine Olmsted, public health nurse, made a most helpful address on health conditions and their relation to the school children. The association is planning for a pie social and entertainment to be given Jan. 23 in the evening.

Safety always in Forbes Quality Coffee.

### REV. PERCY W. STEPHENS HEARD AT NORTHMINSTER REVIVAL

Baptist Minister Made Strong Appeal From New Testament Text—Music is Inspiring Feature of Meetings.

Friday evening a large audience assembled at Northminster for the revival service of the evening. Rev. Percy Stephens, pastor of the First Baptist church filled the pulpit and delivered a strong and forceful sermon, taking as his text, John 3:16. "For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish but have everlasting life."

The usual song service accompanied by the orchestra proceeded the sermon. Uriel Goveia sang, "I Came to Thee." Prof. Beckman sang, "Save." The orchestra then played "The Little Church in the Vale" and the men joined in the chorus by whistling, then the entire congregation and lastly the ladies present whistled the tune. The ladies proved to be good whistlers.

The opening prayer was given by Rev. Mr. Agnew. The orchestra then rendered "Crowning Day." After quotations from the Bible the Rev. W. E. Spooner delivered several "hot shots". He said: "I don't think the devil ever had appendicitis or the gout or rheumatism."

"There is nothing in this world so inspiring to a young man as the company of a pure, innocent young woman, in attending church."

"Two things I am resolved to do is to remain young and good looking."

"I thank God for tears, tears of joy and tears of salvation."

Rev. Mr. Stephens then addressed the congregation and said among other things:

We are saved not because we love God, but because God loves us.

This revival was the means of the great revival among the Telegus in India when 232 converts were baptized in one day, 5,000 in thirty days and 10,000 in ten months.

First, it gives a proclamation of God's love, showing that God's love is eternal; that it is compassionate; that it is unspokeable.

A grandmother asked her grandchild how much she loved her. The child put her arms around the grandmother's neck and said, "I love you so much." That is how God loves the world.

Second, it gives the proof of God's love. Love cannot be measured by avoidance or troy weight but by sacrifice and God's sacrifice was his son. As the lost world being weighed in the scale of eternal justice was sinking, God's son choked its ascent and sank by stepping into the ascending scale, thus bringing the world back into God's sunshine.

Third, the purpose of God's love is given "that whosoever believeth in Him should not perish but have everlasting life." There is not an angel before God's throne knows what you and I might become in the growth of the eternal ages if we appropriate God's love and thus receive eternal life. I hope many will come tonight.

Hear the Spanish Musical Company tonight at Grace M. E. church 8 p. m.

**LOYAL WORKERS ELECT.**  
 Loyal Workers Class of the Pleasant Grove Sunday school east of Murrayville met Wednesday afternoon with their teacher, Mrs. Azella Casey.

A business session was held after which a social hour was spent, light refreshments were served. The class has an enrollment of nineteen young ladies.

The election follows:  
 Teacher—Mrs. Azella Casey.  
 President—Miss Minnie Clayton.  
 Vice-president—Miss Grace Atkinson.  
 Secretary—Miss Ida Mason.  
 Assistant Secretary—Miss Stella Claridy.  
 Treasurer—Miss Anna Clayton.  
 Chairman of Visiting Committee—Miss Leeta Steele.  
 Chairman of Social Committee—Miss Alice Gray.

Note these prices on men's and boys' clothing at Knoles: \$22 suits and overcoats \$15.50; \$20 suits and overcoats \$13.50; \$18 suits and overcoats \$12.50; \$7.50 suits and overcoats \$5.

**OIL STRUCK IN THE CITY OF BUSHNELL.**

Oil has been struck in Bushnell, the drillers at the deep well there finding indications in sufficient quantity to convince them that the territory will be worth opening up. The oil sand was first encountered at a depth of 889 feet, and the drillers declare that a small vein has been opened by their instrument.

It is expected that the well will be cased off and a thorough test made for oil before the water is allowed to flow through. The work was being done in order to increase the city water supply, but if the well turns out to be a valuable oil find, a new water shaft will be sunk in its stead.

Unusual musical attraction, The Spanish Company, tonight at Grace M. E. church 8 p. m.

**JACKSONVILLE CIRCUIT.**  
 Hebron—S. S. at 9:30. Preaching service at 10:30.  
 Salem—Sunday school at 10 a. m.

Shiloh—No services at all on account of the small pox epidemic.  
 Rev. H. F. Cusic, pastor.

**WERE SECRETLY MARRIED.**  
 The secret marriage of Ollan R. Allen of Waverly and Miss Mae Madaline Entwistle of Colfax, which took place July 18, 1914 has just been announced. The groom is now employed in a store at Chatsworth.
